Capital of Montenegro Falls Prey to Invaders—Palace of King Is Under Their Guard

BEATEN DEFENDERS FLEE BEFORE FOE

Vienna War Office Tells of Triumph of Teuton Forces in the Balkans After a Short Attack

VIENNA, Jan. 14.—The capture of Cetinje, capital of Montenegro, was announced by the war office today. The official statement reads: "The capital of Montenegro is in our hands. Our troops pursuing the beaten enemy yesterday afternoon entered Cetinje. The residence of the Montenegrin king and the town are under our guard. The population is calm."

LONDON, Jan. 14.—A wireless dispatch from Rome reiterating the report of an armistice between Austria and Montenegro, states that it was Austria which proposed cessation of hostilities, with the purpose of negotiating a separate peace.

LONDON, Jan. 14.—It is authoritatively announced today that the reported offensive of the Teutonic allies did not take place. The rumors that the attack had begun against the forces of the allies apparently originated in the activities of the French in blowing up the bridges connecting Saloniki with the road over which the attackers would travel. Bridges were destroyed by the French not only at Demir Hissar on the Struma, near Serres, but also at Kilindir, south of Doran. All the bridges destroyed were in Greek territory.

The rumors that Austria and Montenegro have suspended hostilities for the purpose of discussing arrangements whereby further warfare on Montenegrin soil should be stopped, may be based simply on the fact that the Austrian advance in Montenegro has become so slow that suspicion of a suspension of hostilities naturally is aroused. Military critics, however, are of the opinion that Montenegro now is in such a position that some form of arrangement with her adversary has become imperative. Speculation is rife as to the attitude which Italy has adopted with regard to the invasion of Montenegro by the Austrians, which constitutes a grave menace to Italian interests. The fact that Italy's superior fleet did not prevent an Austrian squadron from assisting in the reduction of Mount Lovcen, which dominated the harbor of Cattaro, is being commented upon, though experts admit that there is not a sufficient basis of information from which to make deductions.

Kaiser's Health Good Again; Takes Walks

BERLIN, Jan. 14.—Emperor Wilhelm again is in good health. He no longer remains in his apartments, but takes his usual walks in Potsdam in pleasant weather. The boil on the emperor's neck has so far healed that he is again wearing his uniform. An official who conversed with the emperor Wednesday and Thursday said he was in excellent good spirits and that there was absolutely nothing to justify the pessimistic reports about him printed abroad.

OWN DOCUMENTS CONVICT VON PAPEN

LONDON, Jan. 14.—Capt. von Papen, German military attaché at Washington, when he reached Paderborn on his way to Germany, have been turned over to the American embassy for transmission to the State Department. These show that Captain von Papen made frequent payments to persons charged with the responsibility to blow up munition works and bridges in the United States. One entry shows that Captain von Papen gave \$250 to Werner Hahn, who was charged with blowing up a Canadian Pacific Railway bridge at St. Croix, Maine. The day before this check was issued, the German embassy paid \$2000 into Captain von Papen's account.

Armed Man Taken At Wife's Home

Threat Over Telephone, Alleged Clew

After telephoning threats of death to his 18-year-old bride, Harry S. Fisher, an entertainer, of 1502 Webster street, Alameda, hurried over to San Francisco this morning and was caught by the police with a loaded automatic pistol in his possession as he was about to force his way into his wife's presence.

The Fishers have been married only a few months. Fisher, who is 20 years old, returned home late last evening and a dispute is said to have followed. Mrs. Fisher says that her husband quarreled with her and frightened her with a threat to shoot her. She was so terrified that she took the first opportunity to flee to the home of her uncle at 1316 Stockton street, San Francisco. Fisher, suspecting her whereabouts, telephoned over this morning and told her, she asserts, that he was coming over to kill her.

Believing that he would carry out his threat she telephoned to Captain of Detectives Patrick Shea. Detective Nick Kukulich was detailed to look for Fisher. With Patrolman William Casey he took possession inside the Stockton street home. True to his word Fisher appeared at 11:30 o'clock and was seized as he opened the door. The pistol was in his pocket and he was charged at the city prison with threats against life and carrying a concealed weapon. He begged to be allowed to see his wife, but this permission was refused him.

He denied that he intended violence, declaring that he was carrying the gun because he was afraid of his wife's uncle.

Oil Leases Voted By Lower House

California Is Affected by Decision

WASHINGTON, Jan. 14.—In committee of the whole, the House today adopted provisions of the mineral and leasing bill, which will grant leasing rights to oil operators in California and Wyoming fields which were discovered by President Taft's withdrawal and the Supreme Court's approval. The vote indicates passage of the provisions of the bill on final vote.

City Loses Suit Over Civil Service Clause

That city employees who went into service at the time the new charter went into effect in September, 1910, cannot be dismissed except for cause or for lack of the Civil Service Board's approval, the justice is the opinion of Superior Judge Everett J. Brown, who today overruled the demurrer of the City of Oakland to a suit to collect three months' back salary brought by J. G. Foley, a former sanitary inspector. The opinion would imply that the Civil Service Board and not the City Council has final jurisdiction in such matters. In the case of Foley the Council ordered the justice in which he was employed and did not create a similar office for the appointment of another person. It was done in other cases last July, when the new administrative board was created. Foley was employed first in 1905 and obtained civil service standing through the provisions of the new charter adopted in 1910. Judge Brown, in overruling the demurrer, said: "The charter was adopted when the charter was adopted cannot be dismissed except for cause or for lack of the determination of the Civil Service Board that the jobs are superfluous." The defendant was allowed 10 days in which to answer the complaint.

Victory, or No Peace, Says Czar Nicholas

LONDON, Jan. 14.—Reuter's Petrograd correspondent says that Emperor Nicholas, in an imperial order to the Russian army and navy on the occasion of the Russian New Year's day, proclaimed that there can be no peace without victory. The order said: "On the threshold of 1916 I send to you my greetings and a brave warriors. In the heart and thought I am with you while you battle in the trenches, imploring the aid of the Most High on your work, your valor and your courage. Remember this: Our beloved Russia cannot be assured of her independence and her rights until she has won the fruits of her labors or develop her resources unless a decisive victory is gained over the enemy."

American Butter Goes to Russia

Shipload Is Rushed to Meet Vessel

NEW YORK, Jan. 14.—As showing the heavy shipments of food supplies now being made from this port to Russia, it was stated today that a special train of twenty-five cars loaded with butter was rushed here from Chicago within forty-eight hours in order to be shipped on board the steamer Caranza, another vessel leaving yesterday for Russia. The quantity of this shipment is understood to have exceeded all records for a single consignment. "This is believed to be the first American-made butter ever shipped to Russia," declared a spokesman today. "The butter is to be used to extend their exports, as the holdings of storage butter in refrigerating plants throughout the country are heavier than a year ago."

Glengyle Not Warned; Tafia Again Escapes

LONDON, Jan. 14.—The British steamer Glengyle, sunk in the Mediterranean on January 2, was torpedoed without warning, according to a dispatch from the Admiralty. The same dispatch reports that the steamer Tafia, which arrived at Marseille from Philadelphia, escaped for the second time from a submarine by speed and clever maneuvering.

LONDON, Jan. 14.—The Dutch steamer Princess Juliana arrived at Gravesend today, bringing the body of the captain and seven members of the crew of the Dutch steamer Maas Haven, which was abandoned on fire after striking a mine.

4 British Aeroplanes Sent to Their Doom

LONDON, Jan. 14.—Four British aeroplanes that were sent out from the British positions on the continent Wednesday have failed to return to their base, according to the official announcement given today. The statement says: "Last night the enemy expended a mine near Ghent, following up the explosion by a bombing attack which was driven back. There has been some hostile shelling along the front, but on the whole it was quieter than usual along the entire front. Four of our aeroplanes sent out yesterday have not returned."

CONGRESS IS URGED TO TAKE WAR INITIATIVE

Carranza Will Permit No American Citizen to Interfere

WASHINGTON, Jan. 14.—Senator Works, Republican of California, introduced today a resolution authorizing and directing the President to intervene in Mexico to establish and maintain a government there until it is safe to withdraw. He said that Congress alone had the right to declare war and that it should shoulder the responsibility. At his request the resolution was referred to the foreign relations committee, with the request that prompt action be taken.

EL PASO, Jan. 14.—Andreas G. Garcia, Mexican consul, declared today in answer to a formal inquiry that no armed expeditionary force of Americans would be permitted to enter Mexico to run down Villa and his bandits.

Mail advices from Torreon received today brought details of the occupation of Gomez Palacio by Villa forces. These advices state that on January 6th Villa troops occupied Lerdo and Gomez Palacio, suburbs of Torreon, de facto government forces retiring to the latter city.

WASHINGTON, Jan. 14.—At today's cabinet meeting it was decided that the present policy would be maintained and General Carranza would be depended on to punish the Villa bandits who killed American citizens. A telegram from General Carranza to his ambassador said:

"The murderous attack on the passenger train near Chihuahua was made by the only remaining band of outlaws. This band is being pursued by my troops with a view to insure its capture, whereupon punishment which their crime deserves will be applied to every guilty participant. "Troops of the Constitutional government have been ordered to establish patrols from end to end of the railroad line in order to prepare against similar outrages."

Soldiers Quell Start of Race War in El Paso

EL PASO, Texas, Jan. 14.—United States army patrols were withdrawn from the business district today. Tranquility prevailed where last night riotous scenes were enacted, attributed to resentment against the killing of Americans at Santa Ysabel, Chihuahua. When the disorders passed beyond control of the local police army patrols were sent to assist local officers in quelling the disturbances. A call was circulated today for a mass meeting to protest against the "massacre of Santa Ysabel." Action by federal authorities was taken to relieve a situation which it was feared would result in reprisals on Mexicans. Despite efforts of the municipal authorities to control the demonstration against Mexicans, apprehension was felt for their safety. Numerous fights started between foreigners and Americans, with foreigners participating. The Mexican quarter was invaded and foreigners sought shelter from enraged Americans. Police men went from hotel to hotel advising Mexicans to seek safety. A secret meeting of mixing and cauldrons was held. It was said to organize an expedition to cross into Mexico and hunt down the slayers of their former friends and compatriots. The meeting ended, however, without any action being taken. General Pershing was informed of (Continued on Page 2, Col. 3)

Senator Stone Decries Any Talk of War

WASHINGTON, Jan. 14.—Chairman Stone of the Senate foreign relations committee, conferred on the Mexican situation early today with President Wilson. He said he was gathering information of the administration's attitude with which to meet attacks in the Senate. Senator Stone said that he did not expect American troops would be sent into Mexico unless there were further developments to force it. He considered that the Villa element, enraged by the recognition of Carranza, was determined to attack Americans to force intervention. He plainly indicated that the administration will look to Carranza to control the situation and punish the bandits. Senator Stone said there was no present intention of calling a meeting of the foreign relations committee to consider the pending resolutions opposing intervention in Mexico. White House officials indicated that the resolution of Senator Lewis of Illinois, the Democratic whip, authorizing the President to use armed forces, was introduced without their knowledge. It would be monstrous for the United States to go to war in Mexico at such a time as this, declared Senator Stone after his return to the capital. "I was the original war man in the Senate when there was no organized government recognized by this country. But now we have recognized a government and it would be absurd to rush in without giving that government a chance to suppress and punish the bandit bands that have murdered American citizens. "We know these bandits are seeking (Continued on Page 2, Col. 2)

CONGRESS URGED TO DECLARE WAR AND RELIEVE PRESIDENT

WASHINGTON, Jan. 14.—Senator Works, Republican of California, today introduced a resolution authorizing and directing the President to intervene in Mexico to establish and maintain a government there until it is safe to withdraw.

"Up to this time," said Senator Works, addressing the Senate, "Congress has permitted all responsibility for conditions in Mexico to rest upon the President. It is too grave a responsibility. We have all sympathized with the President with the hope that the conditions would right themselves without intervention. I very much doubt now that such a peaceful outcome is possible."

"Congress alone has the right to declare war and that is what intervention means. Congress should courageously shoulder the responsibility. There is no reason for dividing the responsibility with other nations, or to impose it upon the President. I ask that the resolution be referred to the foreign relations committee with the hope that it will take prompt action."

The resolution was so referred. Senator Lodge submitted the same resolution he offered April 21, 1914, as a substitute for the resolution the Senate adopted, authorizing the President to use armed forces in Mexico to force its demands upon General Huerta and asked that it be reprinted in the record.

"That resolution," said Senator Lodge, "expressed the Republican attitude regarding the war against Huerta. That war has reached a successful termination inasmuch as Huerta has just died in jail."

Kaiser Sends Sword to Sultan for Victory

LONDON, Jan. 14.—The German emperor, according to a Constantinople dispatch forwarded by Reuter's cables yesterday, has sent a sword to the sultan in recognition of the Turkish victory, together with a congratulatory message in recognition of the sultan's role in the Turkish campaign of the Gallipoli peninsula.

In his telegram, Emperor Wilhelm said he had learned with great satisfaction that the emperor's army had been forced to evacuate Gallipoli. He congratulated the sultan upon a great victory, which had brought to an end the severe attacks of "insolent enemies." As recognition of his admiration, the emperor announced that he had sent a sword to the sultan in order to inaugurate the commemoration of a great victory. "A sword which during a war is underlain for defense and fight shall be pointed at the heads of the enemy." In concluding his message, the emperor expressed the conviction that such help would in the end secure victory.

Prince Philippe Weds Princess of Orleans

PARIS, Jan. 14.—Prince Philippe Marie Alphonse de Bourbon, of the two Orléans, was married yesterday to Princess Marie Louise of France. For the bridegroom the witnesses were King Alfonso of Spain, represented by the Infante Don Carlos de Bourbon, and Prince Xavier de Bourbon of the two Orléans, represented by Count de la Tour en Vaux.

De Lancy Smith May Probe Harbor Leases

De Lancy Smith, it was learned at the City Hall today, will be named by City Attorney Paul C. Mori as his assistant in the investigation of the Oakland waterfront leases, which Mayor David D. Donohue has been granted. Attorney Smith was formerly an assistant in the district attorney's office, and has also been connected with the law office of Wood, Black & Reed, and Attorney Sam Barr. No purpose of taking the offensive has yet been displayed on the part of the allies, who, according to this information, have completed their second line of defense.

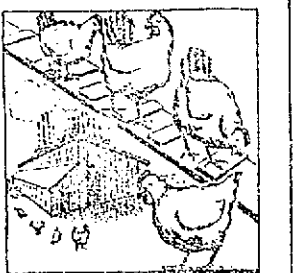

French Authorities Jail Turk Official

PARIS, Jan. 14.—As reprisals for the internment of the French subjects in Turkey, the French authorities today arrested Sait Bey, Ambassador of the Turkish Embassy and the last functionary of the Embassy remaining on duty here. His wife and daughter also will be placed in confinement.

Sait Bey incurred prominence in a double tragedy that occurred on January 14, 1914, at the Paris residence of his father-in-law, General Melmed Chert Pasha, one of the chiefs of the radical Turkish party. A strange Turk who called to see the Ottoman politician, shot and killed a valet who refused him admittance. The assassin was immediately killed by Sait Bey who was in the house.

Storm in Sierra Ties Up Traffic

SACRAMENTO, Jan. 14.—Owing to a heavy snowstorm that is sweeping the Sierras, passenger and freight traffic over the mountains has been suspended by the Southern Pacific Company. Unless conditions become worse, passenger trains may be operated tonight. The Western Pacific Company is still routing trains through the Feather river canyon, but a big storm is raging there.

Plot of Carranza, Says Villa's Wife

Wrath of U. S. Against Spouse Object, Avers

LOS ANGELES, Jan. 14.—Refusing to believe that her husband, General Francisco Villa, has slaughtered sixteen Americans in Chihuahua, Mrs. Juana Villa, the Mexican rebel chief's youthful wife, who is living at 1106 Grand View avenue, Los Angeles, today charged the Carranza forces with the massacre and the reports of Villa's responsibility.

This, she declares, Carranza has done to turn the hatred of Americans against Villa and to secure the aid of Americans in his capture and deliverance to Carranza himself.

While the beautiful young wife clings to her belief that her husband has kept faith with the people among whom she has sought shelter, Senor Parias, in charge of the Villa household in this city, has gone to El Paso to search for the missing Villa. His efforts so far have been in vain, according to Mrs. Villa.

"There is nothing that will make me believe my husband has attacked the Americans who have been so kind to me," Mrs. Villa said, through Mrs. Parias. "General Villa has heretofore always refused to harm Americans, and I can only think now that Carranza was responsible for the massacre and for trying to make the Americans think my husband did it. He wishes to make the Americans hate my husband so that they will help him capture General Villa."

"As a matter of fact, not one of us knows where my husband is. Nor can we find any trace of him."

FATE OF AMERICANS REMAINS IN DOUBT

EL PASO, Jan. 14.—No word had been received here early today concerning the fate of Snell and Woods, cutmen, last seen going in the direction of the massacre in Western Chihuahua, at noon Monday. Forty Carranza soldiers, sent on a special train from Juarez to protect Americans in the Madero district, were reported last night to have been stalled by engine trouble.

VILLA GENERALS FOR CALIFORNIA

EL PASO, Texas, Jan. 14.—Miguel Diaz Lombardo, former foreign minister in the Villa cabinet; General Manuel Bando, General Juan Prieto, two brothers of General Medinavieja, Villa's former chief of staff, and twenty other former officers of the Villa army, arrested yesterday on the technical charge of vagrancy, were deported from El Paso last night by the police. They left over the Southern Pacific for California.

ing blood of Americans for revenge. I think that Americans who venture into such places and Americans who venture forth on belligerent ships into war zones are committing a crime against the government whose protection they seek. Of course we must try to protect them. We have a technical local right to go into such dangerous places, but they should not do it if possible to avoid, and thus embarrass the United States.

"I am not convinced that it will not be necessary to go into Mexico, but this is an absurd time to talk of war."

General Carranza's ambassador here today suggested to his government that all Americans in dangerous districts be compelled to come into guarded places where Carranza troops can protect them.

Secretary Lansing asked Mr. Arredondo to request General Carranza to provide at once trains and guards for the removal of Americans who wish to leave endangered localities. Arredondo forwarded the request with his endorsement and his own suggestion that Americans in danger be compelled to go into a safety zone, even if it be necessary to force them to do so.

AMERICANS IN CAPITAL WORRY

WASHINGTON, Jan. 14.—Diplomatic dispatches today from Mexico City said General Pablo Gonzalez, General Carranza's commander here, and the minister of foreign affairs, had been summoned to confer with the general at Queretaro. They expressed some fears of the absence of General Gonzalez, upon whom foreign ministers have depended to maintain order in the capital. A conference at Queretaro was announced some time ago, but it is thought developments have hastened that.

COST \$25,000 TO INDICT HUERTA

SAN ANTONIO, Texas, Jan. 14.—United States court officials estimate here today that the indictment of the late General Victoriano Huerta and eleven other men on charges of conspiracy to violate the neutrality laws had cost the government \$25,000. This included the cost of "shadowing" the former dictator from the time of his arrival in the United States from Spain; the government's telegram bill and the expense of bringing more than fifty witnesses from New Orleans, New Orleans and El Paso, Los Angeles and other places.

U. S. TROOPS GUARD EL PASO

the situation and immediately intervened to restore order. One hundred and fifty arrests were made during the night. Beyond a few broken heads, it was found none of the Mexicans had sustained serious injuries.

The disorders started early in the evening when a squad of soldiers, swung shoulder to shoulder in double column down El Paso street and declared they were going to "clean the street" of Mexicans. Every Mexican encountered was hauled over. If he put up a fight he was overpowered and beaten.

General Pershing ordered four companies of the Sixteenth Infantry to take charge after it was seen that the police were unable to cope with the situation and lines of troops advanced four abreast through the streets, establishing sentries on street corners.

HUNDREDS ATTEND FUNERAL OF VICTIMS

EL PASO, Jan. 14.—Hundreds of mining men from all parts of the southwest and the mining camps of Mexico attended the double funeral of Maurice Anderson and E. L. Robinson, victims of the Santa Ysabel massacre, held here yesterday. The funeral services for George W. Newman were held in the morning. The remains were shipped to Keene, N. H., former home of Newman. The body of Charles Wadleigh was shipped during the day to Buffalo, N. Y. It was undetermined early today where the interment of Assistant Manager William J. Wallace would take place. There was a possibility that the body would be shipped to Chicago.

Funeral arrangements for other victims of the massacre, either to be held in El Paso today or the bodies to be shipped to their homes, included: Alexander Hall, to Douglas, Ariz.; C. A. Pringle, to San Francisco; A. L. Couch, to Barnhart, Tex.; W. D. Powers, to Los Angeles; and H. C. Haase, to Kansas City. The bodies of Thomas W. Evans, R. P. Machatton, Thomas Johnson, J. W. Woon, R. H. Simmons and M. R. Romero were still held here early today for advice from relatives. The body of J. P. Coy was taken in charge yesterday by the local Elks Lodge on request of the organization in Los Angeles and Hisher, Ariz. The funeral of C. R. Watson is to be held here tomorrow.

Peace in Mexico, Urges Archbishop

Hanna Says U. S. Must Protect Citizens

Archbishop Edward J. Hanna has given out the following statement concerning the massacre of Americans in Mexico:

"In the light of the terrible happening in Mexico it seems that there is naught to do save to join with the forces of law and order in restoring peace in stricken Mexico."

"I feel that we must protect not only the lives of our citizens, but the interests of our Pan-American situation, we must protect in Mexico the interests of other nations, and must add the seemingly helpless Mexicans to establish that condition in their unfortunate country which will insure for the restoration and maintenance of a government within their boundaries."

DELAY DANGEROUS, SAYS REPRESENTATIVE

WASHINGTON, Jan. 14.—In the House yesterday Representative Sladen of Texas declared the time had come for a Pan-American union to bring peace to Mexico and insisted that only the execution of the slayers of the Americans would satisfy the people of border states.

"The rising anger of the Americans on the border is dangerous and cannot be trifled with," he declared.

"The President did the proper and only possible thing in adopting the suggestion to recognize Carranza. It was an intolerable condition and someone had to be recognized. The choice lay between Carranza and Villa, the unspeakable."

"I have been silent even when I thought serious matters were being made leaving the whole matter in the hands of the President and the Secretary of State. I am not criticizing them."

"Americans have been murdered singly and in squads. They have been shot even on their own territory. They have mysteriously disappeared. Mexicans have even invaded our territory, under military command, killing Americans and stealing their property."

"The people of the border have been patient under an unparalleled series of outrages. They do not want war with Mexico, but they want security for their lives and property. Their patience is near exhaustion. The anger is great and a growing desire for revenge is on their part, but he must be blind who cannot see the danger."

"When the internal affairs of any republic in either of the Americas becomes a scandal and nuisance, when offenses of the kind in question are committed and cries of the victims fall on the ears of neighbors, threatening the peace of other countries, a Pan-American union could, and should, end them."

GARRISON TALKS OF EL PASO CASE

WASHINGTON, Jan. 14.—Secretary Garrison said today he had no advice that martial law had been proclaimed in El Paso and pointed out that the army probably was aiding the civil authorities of the city only in maintaining order by using a provost guard to control troops about the city. Brigadier-General Pershing, he said, had no power to intervene unless the situation was of an international character, influenced by physical acts from beyond the border. If any citizen of El Paso sought vengeance upon a Mexican there for an act committed in Mexico, he added, it did not constitute an international situation, but was an invasion of the local law of Texas and subject to state authorities only.

Even should the state authorities find they were unable to maintain order, the secretary added, an appeal would have to be made by the governor to the President for formal authorization be issued at Washington before martial law could be declared.

A provost guard has been maintained by army authorities to aid the police in keeping soldiers in order. It has power only over troops, and over them are responsible to the city authorities for any infraction of local law.

Army officers here believe that if soldiers participated in the rioting at El Paso, as indicated, General Pershing probably increased the provost guard for arresting soldiers only, but that army sentries in any way interfered with the police in controlling civilian disturbers.

AMERICANS ARE FLEEING MEXICO

EL PASO, Jan. 14.—A long special train left Chihuahua City at 3:30 this morning for Juarez, bearing, it was said, all foreigners to the border that could be persuaded to leave the district. They included all employees of the American Smelting and Refining Company. A special train left Juarez early today for Parral, Western Chihuahua, to bring out about 200 foreigners in the camps there. There has been no telegraphic communication with Parral since January 10.

American Consul Edwards in Juarez received orders from Secretary of State Lansing to notify American consuls and consular agents in Mexico, including those at Torreon and Chihuahua, to urge their nationals to leave Northern Mexico and to communicate this order to the foreign consuls in the city.

A United States official sent to Juarez to report on the stories of irritation there as the result of the rioting here last night was stopped by a Mexican, who asked:

"What do those killings mean by killing Mexicans over there?"

"The nothing of it," he had heard.

"They better look out," retorted the Mexican.

A report that three Mexicans had been killed during the disorders in El Paso were denied by officials.

SAYS U. S. IS NOT PREPARED TO FIGHT

AUSTIN, Tex., Jan. 14.—"For those men in Congress who are now condemning President Wilson and demanding that we interfere with Mexico realize the fact that the United States is wholly unprepared for war against Mexico," said Governor Ferguson in a statement last night. "In the present state of our army and navy it would be utterly folly to attempt the participation of Mexico by force, and yet, until conditions are improved we must sit silently by and see our citizens murdered by savages. We need not seriously concern ourselves about a demand for reparation until we are in a position to compel our demands to be respected."

Urges Force With Mexican Demands

C. A. Pringle's Friends Wire President

Friends of Charles Pringle and citizens in all stations of life have wired the President and Congressmen urging that demand for punishment of the murderers of the Americans in Mexico be backed up by force, if necessary.

The body of Charles Pringle will arrive in San Francisco from El Paso at 1 o'clock tomorrow, according to a message received by the Pringles from John Hayes, manager of the Pringle estate in Mexico. The funeral arrangements for which have not been completed, will be held in San Francisco.

Mrs. Cornelia J. Pringle, mother of the murdered mining man, was completely prostrated yesterday when she

hopes that her son might have escaped was depelled.

Edward Pringle gave out this statement:

"My brothers and I do not want to make this sorrow of ours a personal matter. The steps we are taking are in behalf of all Americans. We do not want an indemnity, but we do want the honor and dignity of our country upheld. We will telegraph to California Congressmen to urge that the men who murdered the party of Americans be captured and punished. We are asking our friends to send similar telegrams and many of them have done so."

Steamer Strikes Mine; Abandoned by Crew

LONDON, Jan. 11.—The Dutch steamer *Norfolk* of 265 tons, bound from Norfolk to Rotterdam has struck a mine according to a wireless message picked up at Scheveningen, forwarded by Reuters correspondent to The Tribune. The vessel is reported to have abandoned the vessel, which was still afloat.

Mexican Bandit Makes Boast at Rubio

EL PASO, Tex., Jan. 11.—General Francisco Villa while at Rubio last week declared that he would kill any American traveling west of Chihuahua City, according to reliable information secured today. At the time Villa was supplying himself with meat. It was at Rubio that Peter Keane, an Englishman, was killed.

LANSING RECEIVES ANTI-EDWARDS NOTE

F. L. Medler, Thomas A. Stiles and scores of others have been sent to all senators and representatives in Congress:

"Immediate legislation is needed by Congress authorizing the trial and prosecution in the United States of crimes committed by foreigners against the lives and property of citizens of the United States in foreign countries, where the parties committing such crimes seek asylum or are found in the United States. This will prevent such violence against refugees and other citizens now in the United States, and be a notice to bandits and others that their property wherever situated if the opportunity offers."

"It is an insult to American citizens to see Mexican refugees walking the streets of El Paso who have committed crimes against Americans in Mexico, and who are immune from prosecution because of no stable or organized government in Mexico committed to enforce its criminal laws. Of course, such a law could not be made to apply to past offenses, but could apply to all murders and robberies committed in the future, and be an assurance to law-abiding citizens that American citizenship rights will be vindicated in the United States if not in the country where the crime is committed."

MADERA REPORTS PROVE UNTRUE

WASHINGTON, Jan. 14.—All Americans at Madera, Mexico, are reported safe in official dispatches today to the state department, which specifically deny the report of the murder of ten Americans and two Englishwomen. The column there was attacked by bandits, who were routed.

Politician Denounces Canada's War Moves

QUEBEC, Jan. 14.—Canada's participation in the war was denounced in the provincial parliament last night by Armand Lavigne, Nationalist member for Montserrat, during the debate on the address in reply to the speech from the throne. He declared that until Great Britain recognized Canada's right in imperial affairs, not a soldier nor a cent of money should be contributed to the war. He asserted that if Canadians wanted to fight for liberty and tolerance their place was in their own country.

FUEL SHORTAGE

ZURICH, Jan. 14.—A large part of Austria-Hungary is suffering severely from a shortage of fuel. In Budapest, electric lighting of the streets has been suspended and private consumers have been notified that they might soon expect the cutting off of their electric supply. In Vienna cooking with gas has been forbidden.

Great Western Power Extension Approved

Secretary M. H. Gregg of the local joint pole committee today approved the route by which the Great Western Power Company will extend a special power service from the Fourth avenue hydro-electric substation to the Yerba Buena station on the Key system. The pole will be sixty-five feet high and will contain two cross-arms carrying two 11 K. V. A. 3-phase power circuits. The blocks covered are those recommended by Secretary Gregg to the power company in districts where at present there are few or no available lines that may be later used for serving retail consumers. The Great Western Power Company will be serving directly to Yerba Buena station on July 1. The cost of this line (exclusive of apparatus) will be \$100,000.

Constant A. Sigrist, Pioneer Baker, Dies

MISSION SAN JOSE, Jan. 14.—Constant A. Sigrist, who came here in the early sixties and who was a member of one of the oldest pioneer families, died at his home Wednesday after a short illness. He was stricken with paralysis Saturday. He was engaged in the bakery business in the sixties and was associated with his uncle, Maximilian Sigrist, who was one of the first settlers in Alameda county and who was widely known here and in the East as a wine and brandy distiller. Sigrist is survived by a widow and four sons, who are all well known in musical circles in San Francisco.

Does Spreckels Chew Tobacco? Just Read!

REDWOOD CITY, Jan. 14.—John D. Spreckels Jr., who was arrested Monday night on the state highway by Traffic Officer James Logan for not having the lights of his automobile properly dimmed, was found guilty last night by Justice of the Peace George Seely.

The young millionaire conducted his own defense after putting in a plea of not guilty. He held that he displayed legal intention of abiding by the law. While in San Francisco on his way home, Spreckels said, he was stopped by a traffic officer because the lights were too bright.

The "cop," according to Spreckels, rubbed tobacco juice on the lenses and permitted the car to proceed. Spreckels said he continued the precedent established by the traffic officer by showering the orbs with more tobacco juice on the trip down the peninsula.

TECH. TO GIVE DANCE.

With a dance this evening at Maple Hall the Torchon Club, a society of Technical high school students, will open a series of festivities planned for the late winter and early spring. In charge of the affair is a committee headed by Miss Marion Jacobson and Miss Ida Young. Philip Schlieper and Will Stevenson are in charge of the finances. The hall will be gay with decorations arranged by the club members and the music will be furnished by a five-piece orchestra.

MOSBACHER'S CLOAK AND SUIT HOUSE

1916

The Year of Prosperity

New factories coming to Oakland and the Bay Cities will mean greater and steadier demand for labor. Increased demand for farm products will mean higher prices and, consequently, increased wealth for the farmer of Alameda County. Our harbor improvements and the coming of new steamship lines will mean that big shippers and wholesale houses will seek Oakland as their headquarters.

Every indication points to the year 1916 as the most prosperous one Oakland has ever seen. With full confidence for the future prosperity of our city Oakland, we are making preparations to meet the consequent increase in the retail business, that every merchant will share. Our buyers are now in the East with instructions to purchase a larger and better stock of Ladies' Ready-to-Wear than we ever offered before. To get our store ready for the arrival of the new Spring Goods, we are selling now the remainder of our winter goods at exceptional

GENERAL PRAISES
PHILIPPINE POLICY
INDIAN TREATIES
CAUSE POVERTY

Burton Harrison's Government Is Commended by McIntyre.

WASHINGTON, Jan. 14.—High praise of the administration in the Philippines of Governor General Harrison is included in a special report on the islands by Brigadier General Frank McIntyre, chief of the insular bureau. General McIntyre made a personal study of conditions last fall and his report was submitted to the President and Congress. He said: "The condition existing in the legislature which resulted in a failure for three years to pass the annual appropriation bill and the failure to provide revenues by necessary taxation has been replaced by a spirit of good will and co-operation between the two houses."

"The legislative treatment of the Moros and other non-Christian inhabitants not represented in the legislature has been more liberal than at any time in the past."

Financially, the report says, the island government is in good condition in view of the public work it has undertaken. Its financial difficulties, it adds, are all temporary in character and have the advantage of preventing a heavy debt.

All three of the political parties in the islands, he says, favor passage of the pending Philippine bill, although the least powerful of the three favors insertion of a definite date when independence shall be granted. A new flexible number of Filipinos are said to wish the United States to retain control permanently and a majority of the Americans there favor passage of the bill without the promise of ultimate independence.

Independence for
Filipinos Is Urged

WASHINGTON, Jan. 14.—Senator McCumber, Republican, today advocated giving the people of the Philippines independence, asserting that the United States not only was morally bound to such an action but that possession of the islands was a constant menace from a military point of view.

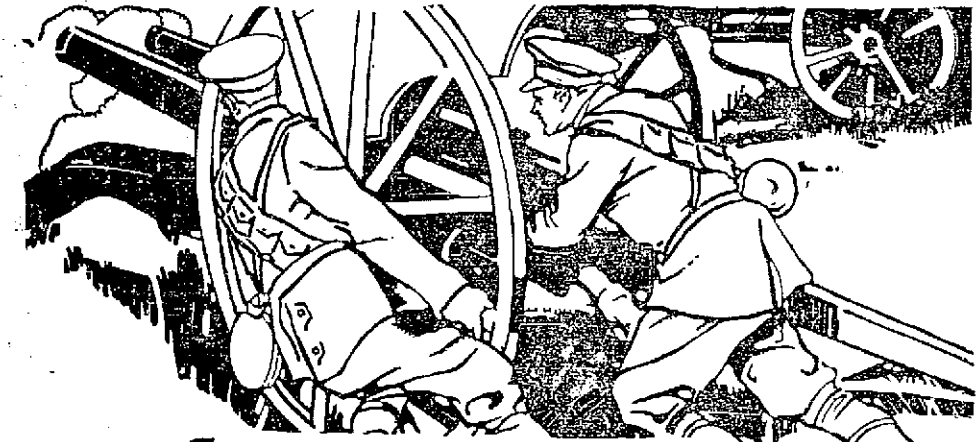

He introduced an amendment to the pending bill for extending to the Philippines a greater degree of self government, which would authorize the president to seek an international agreement to guarantee the autonomy of the islands and aid them to proclaim independence.

Senator Thompson of Kansas spoke in favor of the bill and a vote on it is expected Saturday.

McAdoo Picks Men for
Commission to Haiti

WASHINGTON, Jan. 14.—Secretary McAdoo has appointed the following to serve on the permanent committee for the republic of Haiti to assist in carrying out the purposes of the Pan-American financial conference:

Edward Hyden, St. Louis, chairman; Major General William O. Gorgas, Washington; E. R. Grabow, Boston; S. M. Hastings, Chicago; and Leon C. Simon, New Orleans.

How Soldiers Keep Strong

Preparedness against sickness is the big, important thing to fighting soldiers. A sick soldier cannot work with vigor any more than you can work with energy when you are weak, tired, almost sick.

One efficient warring government is giving each soldier a vial of cod liver oil every day because far-reaching experiments show how wonderfully it increases the calories of human energy and gives them strength to prevent winter sickness. Is this not convincing proof that **you** need it at this season to enliven your blood to prevent sickness?

Cod liver oil is scarce and high-priced this season and many inferior grades may be offered. But remember that

SCOTT'S is the one EMULSION

which guarantees pure cod liver oil—free from alcohol and drugs.

If you are subject to colds, throat or lung troubles; if you are easily tired, run-down or have thin blood, you should take **Scott's Emulsion** at once. If your children are backward in growth, frail or anæmic, nothing will do them so much good as **Scott's Emulsion**, and for girls and women in home or business it is nature's great strength-builder.

Scott's is not a "secret" medicine. It is a rich blood-food and a pure tonic; it contains nothing harmful and is pleasant to take. It is prescribed by physicians and liberally used in hospitals and private schools.

One bottle may prevent a sickness. At any drug store—Start it to-day.

Imitations are sometimes offered but this Trade-Mark has stood for supreme quality for the past forty years.

ALWAYS INSIST ON SCOTT'S.

MAYOR DAVIE GETS
HIS AUTOMOBILE

Only Councilman Baccus Votes Against Allowing the Appropriation.

Mayor John T. Davie is to get his automobile at last.

The city council today adopted plans and specifications for the mayor's auto, and issued a call for bids. Commissioner W. J. Baccus cast the only dissenting vote. Commissioner W. H. Edwards explained that it is not planned to expend the entire appropriation of \$3000 for the car, but only so much of it as may be necessary.

"You said you did not want the city to purchase an auto for you several months ago," said Commissioner Baccus. "We rejected the bids at that time. Have you changed your mind?"

Mayor Davie nodded an affirmation. "Even the president can change his mind," suggested Commissioner Harry S. Anderson.

"Well, I see no reason to change my mind just because the mayor changes his," said Baccus. "I vote no."

Commissioner Edwards introduced a resolution providing that automobiles owned by the mayor or any of the commissioners might be supplied with gasoline and oil, and repairs in tires and parts replaced not to exceed \$150 a year for each machine at the municipal garage and at the expense of the city. The resolution was referred to the city auditor for an opinion as to its legality. At the suggestion of Commissioner Baccus, Edwards recently refused to permit the garage to supply the automobile used by Mayor Davie with oil, because of a resolution of the city council that only municipally owned machines should be cared for at the garage.

"I introduced this only for the benefit of the mayor," said Edwards. "Now that he is to get a machine owned by the city, it does not matter so much."

Major Davie's car was to be a Buick, a municipal district was proposed by Commissioner Harry S. Anderson today. Anderson was authorized to take the matter up with the produce merchants, to see whether they will accept a lease from the city.

Anderson said: "Fred Sinclair filed a letter with this council a few days ago objecting to the abolition of the commissioner's district at Eleventh and Webster streets. He said that the real estate men had gotten together and had made the prices in the available districts so high that the commission men had been unable to obtain a satisfactory location."

"The city owns 200 feet frontage on the south side of First street, between Washington and Clay streets. It has an average depth of 150 feet. The city could lease this for a commission district, and would reap the benefits of dockage and tolls and additional tonnage over the city wharves."

"It is an ideal site. There are spur tracks available and shipping facilities. It is now being rented for \$125 a month, but we can terminate the tenure at any time."

Day in Congress

WASHINGTON, Jan. 14.—Senator McCumber introduced a bill to organize and increase the national guard; Senator Works, Republican, introduced resolution for armed intervention in Mexico; House: Navy and military affairs committee continued hearings; the ways and means committee held first hearing on the bill to protect American manufacturers of dye stuffs.

Embargo on Munitions
Is Asked in Petitions

WASHINGTON, Jan. 14.—A petition bearing 50,000 signatures asking Congress to declare an embargo on munitions of war has been submitted to the House foreign affairs committee by Representative Bennett of New York.

Representative Would
Tax \$10,000 Estates

WASHINGTON, Jan. 14.—Representative Sabath of Illinois has introduced an inheritance tax bill to affect all estates above \$10,000. The net revenue, he estimates, would be \$50,000,000 annually.

Accused Purse Snatcher
Bound Over for Trial

Swan Maurice was held to answer this morning in Police Judge George Samuels' court on a charge of grand larceny. Maurice, it is alleged, on December 22, snatched a purse away from Zoella Tustin, 1028 College avenue, Alameda, while she was shopping in a 5 and 10-cent store. The woman's purse was cut in the crowded store. Maurice was pursued by his victim. He ran into some shoppers, who captured him and turned him over to the police. Maurice is out on \$2000 bail.

CORPORATION YARD
MAY BE REMOVED

Councilmen Plan to Beautify Reclaimed Lands Near Lake.

The removal of the Oakland municipal corporation yards from the present site, where they occupy an entire block behind the Municipal Auditorium to the lake and to be recovered by filling in the lands of the north arm of the Oakland estuary adjoining the city and Oakland streets, is being urged by members of the city council.

It has long been considered that a new site must be found for the corporation yard, as its location near the auditorium was particularly objectionable. The only thing that has prevented its being placed near Eighth and Fallon streets or on made land adjacent to the north arm of the estuary was the possible protest of citizens in the neighborhood.

Mayor John T. Davie and Commissioner Anderson have had the matter under consideration and Commissioner W. J. Baccus, in whose department the control of the corporation yard rests, has also been conferred with. It is estimated that the land can be filled in to provide the necessary site for about \$4000.

To obviate the danger of a protest, it is probable that the buildings will be designed to have an artistic appearance from the exterior. It has even been suggested that buildings and enclosures may be made to conform to the mission type of architecture. The plan will be presented to the city council in a few days, and if any objections are raised, these will be met by the explanation that the corporation yard will be in no way objectionable in its new location.

Germans Deny Claims
of Russians to Gains

BERLIN, Jan. 14.—The Austrian official communication received here says: "Austro-Hungarian detachments advancing on the Adriatic have expelled the Montenegrins from Rudina, a fortified port in southern Dalmatia, and occupied Mount Mali Vrh, north of the town. Detachments in the Lovcen district yesterday evening were fighting with Montenegrins (about 3400) from Cetinje."

Engagements near Grabovo also were favorable for the Austro-Hungarians, who advanced into the valley of the Austro-Hungarian frontier district south of Avicava, Herzegovina, and surprised the enemy, who was expected to his high position.

"On the East Galicia and Bessarabian fronts there have been only isolated artillery duels. The Austro-Hungarians, contrary to the assertion of the Russians, still occupy the same positions east of the Stripa, east of the Bessarabian front, as from the Christmas offensive, the only exception being the section of one battalion, which was taken back 200 paces."

"Italian artillery has shelled the towns of Crete and Por, in Gludicuria, and Nago, east of Rivia. "Enemy aviators threw bombs on Roncone without doing any damage. The Austro-Hungarian artillery fired upon the Italian camps and barracks south of Pontafel and set them on fire."

On the central front there have been artillery duels in Tolmino and Ioberto sections."

Italy's Report Tells
of Artillery Duels

ROME, Jan. 14.—The following official communication was issued last night: "Along the whole front artillery actions continue, aided by aeroplanes. The enemy's batteries hurl incendiary projectiles on our positions around Altissimo and in the valley of Terragnole and on the Borgo without damage."

"Our artillery destroyed enemy shelter east of Oregonia Pass at Vissende and dispersed troops and retreating columns on the march in the Roder valley and Seebach. In the sector of Javorink, in the Plazzo basin, and San Martino Delforaso, we repulsed enemy attacks."

"On the lower Isonza the enemy artillery fired on Gradisca Sagrada and Montalona. Our artillery responded, bombarding Devatki and Oppachisella. On Tuesday one of our aeroplanes dropped bombs on barracks in the Breguzzo zone, in the valley of the Guldikaria, returning unharmed."

French Claim Small
Gains on West Front

PARIS, Jan. 14.—The following official communication was issued by the War Office last night: "In Artois we extended on the positions along the road to Lille a violent bombardment that destroyed at several points the trenches and shelters of the enemy. Between the Somme and the Oise a German column estimated at one regiment was taken under our fire at the moment of entering Rove. To the north of Alsace our artillery damaged an enemy battery and some machine gun positions, and silenced an enemy battery at Hill 195 on the plateau of Vaudou."

"In the Champagne we dispersed a large column of the enemy."

"In the Argonne we exploded one mine at Lafile Morte and two at Vaucourt. "Army of the East—There is nothing to report on the French front. The results of other parts of the front have obliged us to blow up the railroad bridges at Demir-Hisar and Kildir."

Missing Boys Found
on Way to 'Movie' Plant

James Coppo, 14-year-old schoolboy, missing from his home, 3200 Broadway street, since Monday, was found yesterday with a small companion on his way to Niles to become a moving picture actor.

They disappeared Monday while on his way to school and set out on the pilgrimage of life with the intention of becoming a screen idol. Companions F. Rose of Niles discovered young Coppo and his little friend frantically along one of the highways to the plant of a motion picture company. His mother has dissuaded him to give up his ambitions to become an actor and to go back to school.

Branch Auto License
Bureau Is Demanded

SAN FRANCISCO, Jan. 14.—Formal protest against the refusal of the state department to establish a motor vehicle license branch bureau in San Francisco for the benefit of this city, Oakland and adjacent cities, was made by the local police today. Twenty-five autolists were arrested for neglecting to have the new license plates, despite the fact that a license was exhibited, issued from Sacramento and declaring that application for the new license had been made. The police say the blue tag is a nuisance and that every officer is forced to stop every violator despite it. The police refused to recognize the blue tag.

PRUSSIAN BALLOT
REFORM ATTACKED

Tageblatt Says Plan Demands Great Renunciation by People.

BERLIN, Jan. 14.—The Vorwaerts expresses dissatisfaction with the portion of the speech from the throne delivered yesterday at the opening of the Prussian diet which refers to the reform of the Prussian franchise. The other papers are guarded in their comments, excepting the Tageblatt, which declares openly its dissatisfaction. The sentence regarding franchise reform, says the Tageblatt, demands of the people "a far-reaching renunciation."

The other papers are either satisfied that more cannot be expected at the present time, or, like the Tages Zeitung and Kreuze Zeitung and one or two other papers of the extreme right faction, are of the opinion that the present situation is too far.

Excepting the Tageblatt the radical papers, which, before the war, were loudest in demanding the franchise, do not speak a word of adverse criticism.

The anticipated reference to franchise reform was expressed in the speech from the throne delivered by the von Bethmann-Hollweg, the Prussian prime minister, in definite phrases as seeming to be expected after the war owing to the harmony and mutual respect developed in the Prussian nation by trials of the war.

Galician Trenches Are
Captured by Russians

PETROGRAD, Jan. 14.—The following official communication was issued yesterday: "Galician Front—On the Middle Stripa river the enemy, under the protection of a snow storm, made two attempts to take the offensive in the region of Dobropol, but each time was repulsed. In this region and northeast of Czernowitz, the enemy was forced to evacuate part of his trenches, which we occupied."

"In the Black Sea our torpedo boats have destroyed an enemy submarine which had been damaged on the Anatolian coast. The torpedo boats also destroyed two sailing ships loaded with coal."

"Caucasus Front—In the valley of the Arghach river our fire dispersed a detachment of Turks who were fortifying positions in the region of Arghach. Near the village of Khavshenok, we clashed with strong Kurdish forces."

Holy See Abandons Hope of
Holding Peace Conference

ROME, Jan. 14.—"The Holy See did nothing up to today, either directly or indirectly, to solicit from either group of belligerents any invitation to participate in or preside at a peace conference," says the Catholic organ, Corriere D'Italia, in an article evidently inspired by the Vatican.

Both groups of belligerents, the paper adds, thus far intend to be completely victorious, dictating conditions of peace outside of any extraneous interference. The aim of the Pope is to employ all possible means to render the conflagration less painful to humanity. If the Pope were present at a peace congress his adhesion to the treaty would bind the conscience of all Catholic subjects of the contracting nations, making it more difficult for any government to break the agreement. The Pope, it asserts, does not count upon the European conflict for solution of the Roman question, which, as Cardinal Gasparri said, will not be settled by force of arms.

Sailors Object
To U. S. Rations

Seaman Arrested Who Led Protest

MARE ISLAND, Jan. 14.—G. J. Oliver of the United States cutter Proteus was placed under arrest by the naval authorities here last night, charged with having attempted to incite dissatisfaction among the members of the crew with regard to the rations served aboard. He will probably answer to the charge before a naval court-martial to be called soon.

Oliver's arrest followed the action of a local board headed by J. Brooks, paymaster of the local yard, that was called to investigate a written report which the former was said to have forwarded to Commander F. M. Bennett, U. S. N., complaining of the quality of the food served the men on the Proteus, which is now moored to the quay wall here. Oliver is said to have denied the allegation when hailed before the board yesterday. His arrest followed.

The Proteus will probably be held here until February 1, through inability to complete sooner the task of discharging 11,000 bales of hemp.

GERMAN CENSOR
MAY BE SHORN

BERLIN, Jan. 14.—The budget committee of the Reichstag today concluded its discussion of the censorship by adopting a series of resolutions for submission to the Reichstag, asking for a moderation of the censorship.

The resolutions ask the chancellor to see first that the present exceptional measures do not tend to arrangements which will permanently impair the freedom of the press and of the public opinion; second, that civilian experts are attached to the war press bureau and the press departments of all the military district commands, whose duty it will be to alleviate the rigors of the censorship; third, that notice of warning must be given newspapers before confiscation can follow; fourth, that suppression of a newspaper can only occur on the Chancellor's approval; and fifth, that questions of home politics and of the tariff policy are taken out of the hands of the censorship.

A Socialist resolution demanding the abolition of martial law was rejected. Into the hold of the tanker Maumee. It was to have proceeded to the Asiatic station this week.

Say Betrayed of
Nurse Is Killed

Spy Who Denounced Miss Cavell Is Dead

LONDON, Jan. 14.—A dispatch to the Daily Press from Amsterdam, says: "The Belgian spy, Gela, who denounced Edith Cavell, the English nurse who was executed at Brussels some time ago, to the Germans, was assassinated yesterday. His body was found in a street of Schaerbeek, near Brussels, with two bullet wounds in it."

A dispatch from Brussels November 27 last said that a French soldier, whose confession in the German authorities resulted in the arrest and execution of Miss Cavell, had committed suicide by hanging in the military prison at Brussels.

Doctor Recommended Duffy's

Health is man's greatest asset, but in order to practice the noble art of keeping well, it is sometimes necessary to employ a preventative of disease like Duffy's Pure Malt Whiskey. Twenty years ago this man acted on his doctor's advice to "Get Duffy's and Keep Well," and today he says:

"For twenty years I have used Duffy's Pure Malt Whiskey in my household, it having been recommended by my family physician as the best all around preventative of sickness. I find it especially beneficial when one has a heavy cold—Mr. S. Stevenson, Rosedale, N. Y."

Duffy's Pure Malt Whiskey

is a predigested food in liquid form which favorably influences digestion by furnishing the necessary food elements to build rich, red blood corpuscles quickly. Its effects in promoting nutrition and warding off disease are rapid, thorough and lasting. That's why Duffy's, it taken as directed, invariably gives the system power to throw off and resist severe colds, grip, catarrh, bronchitis and lung troubles.

"Get Duffy's and Keep Well"

Sold in SEaled BOTTLES ONLY. Beware of imitations.

NOTE: Get Duffy's from your local druggist, grocer or dealer. \$4.00 per bottle. If he cannot supply you, write us. Useful household booklet free.

Healthy Old Age Brings Happiness

Simple Remedy Promotes Health
By Overcoming Tendency
to Constipation.

Advancing years impair the action of the vital organs. Old age should be the period of greatest happiness, but good health is necessary. Constipation should not be tolerated—it is often the direct cause of ill health.

Headache, belching, flatulency, bloating, drowsiness after eating and other symptoms of constipation can be readily relieved by the use of a simple laxative compound sold in drug stores under the name of Dr. Caldwell's Syrup Pepsin. Mr. J. H. Bristol, 1412 Golden Ave., Ann Arbor, Mich., who is 52 years old, says "Dr. Caldwell's Syrup Pepsin is the best remedy I ever used for constipation and I always have a bottle of it in the house to use when I feel the need of it; it never disappoints."

Dr. Caldwell's Syrup Pepsin is a mild laxative preparation, positive in its effect, acting easily and naturally without griping or other pain or discomfort. For over a quarter of a century it has been the standard household remedy in thousands of homes.

MR. J. H. BRISTOL

Druggists everywhere sell it for fifty cents a bottle. A trial bottle of Dr. Caldwell's Syrup Pepsin can be obtained, free of charge, by writing to Dr. W. R. Caldwell, 434 Washington St., Monticello, Illinois.

ENGLAND CONTROLS TRADE IN COCOA MAYOR ROLPH ON WAY TO RECOVERY

Not Contraband, Landsowne
Says, to Prevent Losing
Grip.

LONDON, Jan. 14.—In the House of Lords yesterday, Baron Sutherland called attention to the enormous increase in imports of cocoa into neutral countries, which he suggested largely found their way into Germany, and asked why cocoa had not been made contraband.

The Marquis of Lansdowne, minister without portfolio, in reply to which importance is attached as possibly indicating a change of policy, admitted that after making allowance for needs of neutral countries, possibly a good deal of the cocoa England was re-exporting was finding its way into enemy countries.

Reminding the house that cocoa and its preparations had been placed on the restricted list and that licenses were required for exports to neutrals, a policy which had had considerable effect, Lord Lansdowne referred to the enormous quantities of cocoa which were finding their way to neutral countries from America and other overseas sources, and said:

"If we are too stringent it might prevent neutrals from importing cocoa through Great Britain and we should thus lose our control by license, as neutrals would then import all from overseas. I assure the House, however, that the government and war trade department are gradually tightening up their precautions."

"Will Soon Be on His Feet Again," Physicians
Announce.

SAN FRANCISCO, Jan. 14.—Mayor James Rolph, Jr., who has been in the hospital for several days, is reported as in an exceedingly favorable condition at 9 o'clock this morning, and is said to be already on his feet.

A bulletin issued at 9 o'clock gave the Mayor's condition as follows:

"Mayor Rolph came out of the anesthetic quickly and is resting easily now. He slept some and an examination this morning discloses that he is in good physical shape and that there is every reason to believe he will soon be on his feet again."

The operation was concluded and the patient returned to his room at 1:15 o'clock this morning. Mrs. Rolph, who had been constantly with the Mayor, was persuaded to take some sleep, but was back at his bedside bright and early to see Secretary Edward R. Kelly, who was hovering in and about the hospital, was also on hand again as early as 8 o'clock, answering scores of interested citizens who called up by telephone that this city's chief executive was rapidly improving.

After the Mayor was better today by city officials and friends of the Mayor who called at first-hand to learn his condition.

Drs. Wallace L. Perry and John Galt, who performed the operation, and Dr. C. H. Barker and Henry J. Krutmann, who were consultation physicians, did not leave the hospital until nearly 2 a. m. Dr. Perry was the first to arrive after daylight and went at once to the bedside of the patient. He found to his surprise that the Mayor was already everything favorable and after the other physicians had had a chance for an examination an informal consultation was held.

Mayor Rolph was taken ill on Wednesday. He believed his condition was due to overwork as the result of the ushering in of the new city administration and the removal of his office to the new city hall. He left the city for his ranch, but did not improve and returned yesterday.

City-County Charter Urged by Mayor Davie

Mayor John L. Davie was the speaker this afternoon at the Oakland Civic Center, where he talked on the "City and County of Oakland With a New Charter." Mrs. E. W. Fenton presided over the session, which was held at Hotel Oakland.

Before the program a business meeting and a meeting of the executive board of the Center was held with the president, Mrs. A. B. Carriere, presiding.

Sixth Respite for Murders Granted

LITTLE ROCK, Ark., Jan. 14.—Governor Hays has announced that he will grant a sixth respite to Clarence Dewayne and Joe Strong, each 21, who had been sentenced to be electrocuted Saturday for the murder of an aged merchant at Benton, Ark. The governor said he would take this action because of the illness of Dewayne's mother and grandmother in Belleville, Ill.

Absolved of Death of Friend by Jury

BOWLING GREEN, Mo., Jan. 14.—Fred Wilkins of Louisiana, Mo., was declared innocent of the murder of A. M. Walker, former mayor of Louisiana, and a colonel on Governor Major's personal staff, by a jury here last night.

Walker died from a bullet wound several months ago. In a deathbed statement he absolved Wilkins of all blame. Walker said he had shot himself accidentally while he and Wilkins were "fooling" with a revolver in Walker's office.

ASK HEMP TRUST PROBE.

KANSAS CITY, Mo., Jan. 14.—Views and recommendations on many questions of national importance were expressed by the convention of the Western Retail Merchants' Association and Hardware Dealers' Association, which came to a close here yesterday, after three busy days. Chief among the convention's recommendations were those urging congressional investigations of the alleged steel trust, shorter term credits for farmers' supplies and comprehensive road system built by convict labor.

T. N. Witten of Trenton, Mo., was elected president.

EXPLOSION IN BIG CULVERT RUINS HOUSE

Two Dwellings Badly Damaged and Street Torn Up

Heavy Loss Is Caused by Blowing Up of Gas

Hipping off the front of a building, scattering the cement sidewalk over vacant lots, tying up street traffic for nearly an hour, and rocking the Elmhurst district for ten blocks around, a heavy explosion this morning did severe damage at Seventy-fourth avenue and Seventy-seventh street, when gas from a leaking main collected in a creek culvert and, being ignited by a street lamp, exploded. A building owned by J. W. Thompson and used as a second-hand store was badly damaged, the front being torn away. Junk collected on the street was hurled through the walls. The family was sleeping in the rear rooms and so escaped injury.

Another house, owned by Manuel Pavlo, about 100 feet from the explosion, was lifted off its foundations by the force of the concussion. An entire block of sidewalk was uprooted. The culvert, a heavy steel and concrete pipe used to carry the waters of the small creek in the district from Seventy-fourth to Seventy-eighth avenues, was cracked and ruined for its entire length. Street lamps were hurled to the ground and the pavement was cracked and damaged along the course of the explosion.

NEGLECTED LEAKAGE. The gas had been leaking into the culvert for days, according to neighbors, who say that at various times they smelled it. According to the fire authorities, this gas collected until the cement pipe was filled, and then, this morning, it was ignited by one of the gas street lights.

The explosion took place at about 5:30 o'clock this morning. Houses ten blocks away were rocked by the force of the report and the entire district was alarmed. So strong was the report that many supposed it was caused by dynamite. The gas mains, broken open by the explosion, flowed into the excavation, and for a time it was impossible, because of the fumes, to investigate.

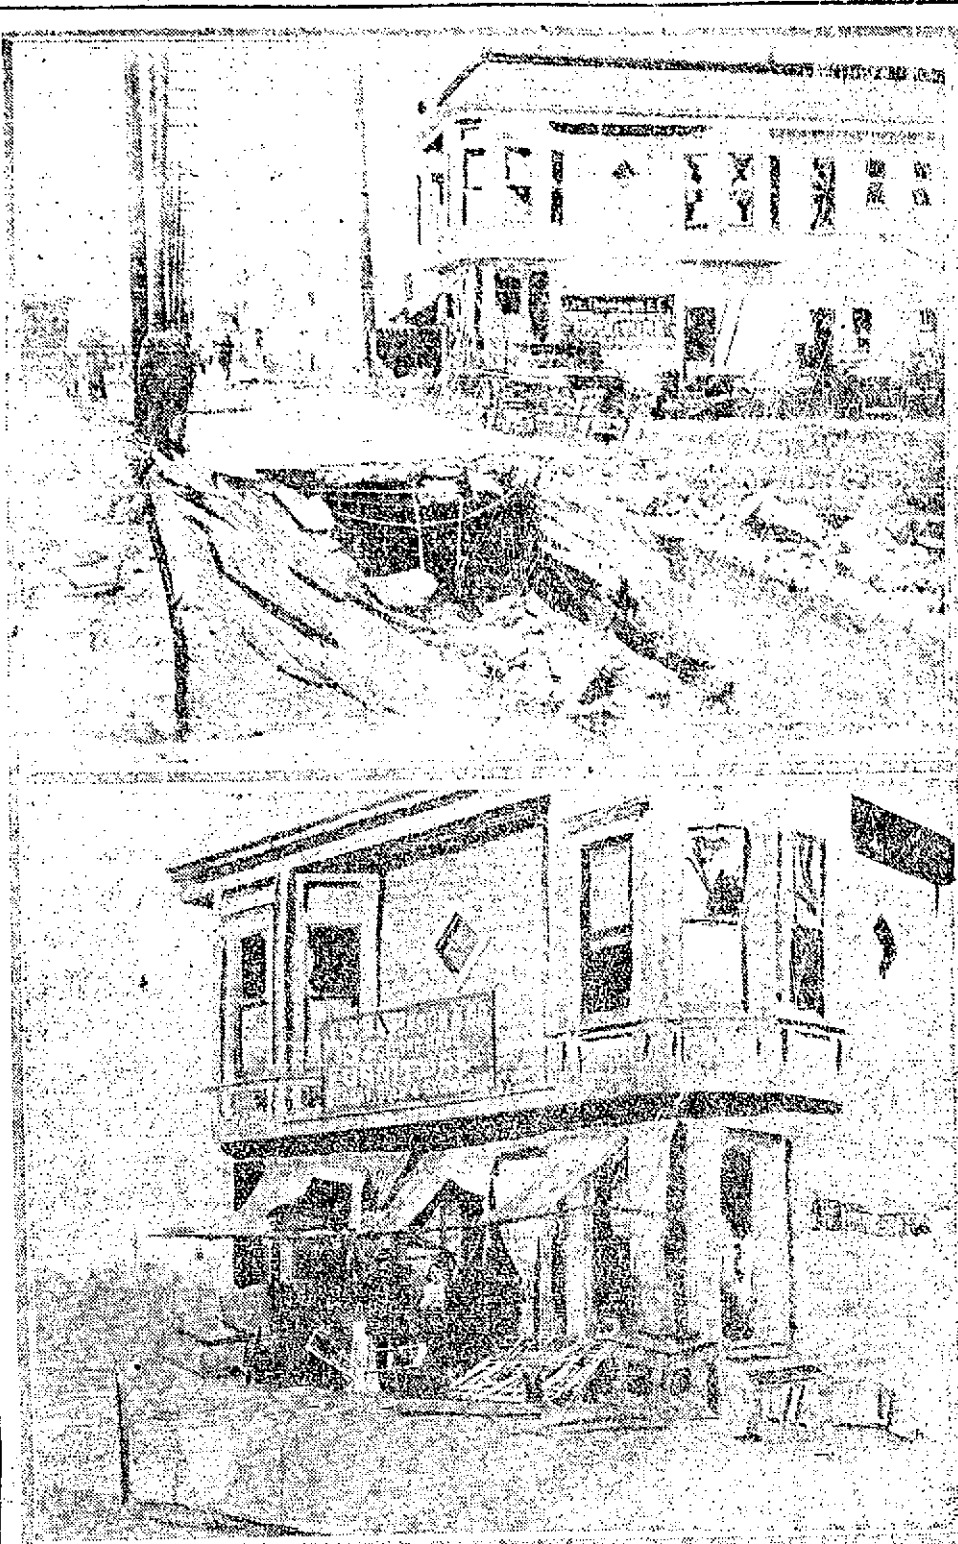

The Thompson building, a large frame structure, was used as a second-hand store, with living apartments in the rear. In these the family was lodged at the time of the explosion. No one was injured.

CAR TRACKS NOT DAMAGED. While the street was uprooted the length of the explosion, the damage was only at the sides. The street car tracks were not injured by the accident, and as soon as cleared of piles of broken cement and debris, were ready again to accommodate traffic.

The Melrose police station was notified of the accident and investigated, together with officials of the fire department. Both agree that gas was the only possible cause of the explosion, the force of which was spread along the whole length of the pipe instead of in one spot, as would have been the case had dynamite been used.

The cement culvert was built several years ago, to contain the creek where the gas mains and a sewer

Uprooted Sidewalks and the Damaged Thompson Building, Showing the Havoc Wrought by the Explosion of Escaped Gas This Morning in the Seventy-fourth Avenue Culvert Near Elmhurst.

pipe. It conveys the creek parallel to and then across East Fourteenth street. There are two bends in the pipe, these holding the gas in a sort of pocket in the center, according to the firemen.

The heaviest damage was at the Thompson building, this, however, being partly covered by insurance. The damage to sidewalks and the culvert will total a heavy sum, the culvert costing several thousand dollars to construct. It was built several years ago, shortly after Elmhurst was annexed by the city of Oakland.

Five Lowell Pupils Dropped for Hazing

SAN FRANCISCO, Jan. 14.—Five pupils of the Lowell High school were suspended by the Board of Education this afternoon as the result of the hazing of freshmen at the opening of the spring term. The boys indefinitely dropped from the rolls are William Rezentz, Charles Gwynn and Kenneth Rolofsen, alleged to be concerned in the hazing of Albert Nemi, and Sam Collins and Gerald Harrison, for the alleged hazing of Irwin McKnight. The Rezentz boy is also named in the McKnight case.

The attention of the board was called to the hazing through the injury of McKnight last Friday, when the lad was forced to jump from a 20-foot embankment, breaking both legs in two places. Principal Frank Norton of Lowell and the board conferred and the decision followed.

Montana Miners Get Big Raise in Wages

BUTTE, Mont., Jan. 14.—A voluntary wage increase of 25 cents a day was granted today to 25,000 mine and smelting workers in Butte-Anaconda and Great Falls. The order for the increase in wages which the notice states became effective January 1, was received from the New York office of the American Copper Company. The Butte and Superior Company, the W. A. Clark Companies and other concerns, it is announced, have agreed to the increase, which will remain as long as copper is 20 cents or more a pound.

Menace Publishers Found Not Guilty

JOPLIN, Mo., Jan. 14.—A verdict of not guilty was returned today by the jury in the case of the Menace Publishing Company of Aurora, Mo., and four of its officers, who were charged in the federal court here with misuse of the mails.

FIXES POWER. PHOENIX, Ariz., Jan. 14.—The state legislature alone has the authority to impose qualifications or requirements for corporations conducting a business in Arizona, according to a decision here today of the State Supreme Court. The ruling was made in the case of a fraternal organization which had been refused a license by the Arizona Corporation Commission. Under the ruling the license must be granted.

VESSEL ASHORE. SEATTLE, Wash., Jan. 14.—The salvage steamer Salvor is still unable, on account of rough weather, to go alongside the Japanese steamer Kenkon Maru No. 3, which is ashore in the gulf of Georgia. Seeks to lighter the deckload of car wheels are with the Salvor, but work cannot be begun until the storm abates.

WOMEN'S AUXILIARY FULLY ORGANIZED

Chamber of Commerce Bureau
Elects Officers and Begins
Work.

With plans for a membership campaign and a wide range of activities mapped out for the new body, the Women's Auxiliary of the Chamber of Commerce today began work. Under the chairmanship of Gladys Lent Barndollar, the women of the chamber will maintain their own bureau, participating in various moves for the good of the city, and looking especially after the work of the chamber. The new auxiliary is the result of one of the suggestions of Mrs. Smith, the organization expert, who drew up a report on desirable activities for the chamber at the close of last membership campaign. The plans for a woman's bureau were ratified by the board of directors of the chamber, and the organization was immediately effected. The officers of the new bureau will include the following named:

Mrs. Gladys Lent Barndollar, chairman; Miss Bessie Wood, secretary; Mrs. H. H. Crane, Miss Bessie Vance, Miss Emma H. Ilsen, Mrs. T. H. Brown, Mrs. Alice C. Burdell, Mrs. M. T. Weeks, Miss Jessie D. Campbell, executive committee. The need of a woman's bureau was especially manifest during the last two luncheons of the chamber, when Lillian Russell and Anna Held were the guests of honor. In both cases the women members of the chamber were urged to be present to receive the guests and this function now will come under a bureau specially chosen for such needs.

Prosecutor Scores Accused Murderer

MINNEAPOLIS, Minn., Jan. 14.—Characterizing the defendant as "a murderer of the most fiendish type," Prosecutor George W. Armstrong pleaded with the jury late yesterday to convict Frederick T. Price, a Minneapolis business man, of murdering Mary Fridley Price, his third wife, for her fortune.

The case will reach the jury today, it is expected.

OUCH! LUMBAGO PAIN! RUB BACKACHE AWAY

Instant Relief With a Small
Trial Bottle of Old "St. Jacob's Oil."

Kidneys cause Backache? Not! They have no nerves, therefore can not cause pain. Listen! Your backache is caused by lumbago, sciatica or a strain, and the quickest relief is soothing, penetrating "St. Jacob's Oil." Rub it right on your painful back, and instantly the soreness, stiffness and lameness disappears. Don't stay crippled! Get a small trial bottle of "St. Jacob's Oil" from your druggist and limber up. A moment after it is applied you'll wonder what became of the backache or lumbago pain.

Rub old, honest "St. Jacob's Oil" whenever you have sciatica, neuralgia, rheumatism or sprains, as it is absolutely harmless and doesn't burn the skin.—Advertisement.

Hair Often Ruined by Washing With Soap

Soap should be used very carefully, if you want to keep your hair looking its best. Most soaps and prepared shampoos contain too much alkali. This dries the scalp, makes the hair brittle and ruins it. The best thing for steady use is just ordinary mild coconut oil (which is pure and greaseless), and is better than the most expensive soap or anything else you can use.

One or two teaspoonfuls will cleanse the hair and scalp thoroughly. Simply moisten the hair with water and rub it in. It makes an abundance of rich, creamy lather, which raises out easily, removing every particle of dust, dirt, dandruff and excessive oil. The hair dries quickly and evenly and it leaves the scalp soft, and the hair fine and silky, bright, lustrous, fluffy and easy to manage.

You can get mild coconut oil at any pharmacy, it's very cheap, and a few ounces will supply every member of the family for months.—Advertisement.

GERMANY PLANS TO CORNER LIVE STOCK

National Organization Fore-
shadowed as Result of
Conference.

BERLIN, Jan. 13.—A great national organization for the purchase of all livestock offered for sale in Germany is foreshadowed by the Vossische Zeitung as a result of recent conferences among the various ministers at Berlin.

Two great organizations are to be formed, representing producers and consumers. The paper says it is intended to have exports appointed to fix the prices of all livestock reaching the markets which shall be just to both breeder or raiser and consumers. It is expected in this way to counteract unduly high prices.

Auto Licenses Buy 33 Automobiles for State

SACRAMENTO, Jan. 14.—The state board of control has approved an award of \$76,457 for the purchase of thirty-three motor trucks for maintenance of state highways under the direction of the California highway commission. This is the largest automobile purchase ever made by the state.

The purchase is made from the state's share of the net motor vehicle department license receipts. As far as possible, types of motor trucks which are assembled in California were given the preference. The awards are:

Six five-ton trucks: Two Moors, \$4500 each; two Sauer, \$4325 each; two White, \$4710 each; total, \$21,070.

Fifteen two-ton trucks: Two Hewitt-Dudlow, \$1050 each; two Federal, \$2085 each; three Kelly-Springfield, \$2535 each; four Garford, \$2250 each; four Moreland, \$2250 each. Total, \$33,497.

Twelve three-fourths or one-ton trucks: Three Buick, \$1290 each; three Deo, \$1122 each; three G. M. C., \$1375 each; three Moreland, \$1443 each. Total, \$15,630.

Conditions in Greece Described by Scholar

Conditions in Greece today will be described by Professor Oliver M. Washburn of the University of California this evening in a lecture at the Franklin school, Ninth avenue and East Sixteenth street. His topic, "Country Life in Greece," will be illustrated by many slides from photographs taken during his two years' residence and travel there. "In the entire civilized world there are few lands where conditions so near those of the Homeric age still persist, but the land to which we owe much of our most beautiful ancient art is one of those few," Washburn says. "With practically no factories the clothes worn by the peasants are nearly all manufactured at home together with most of the tools used every day. Many Greeks have never been burdened with the responsibility of a hat and the peasant goes barefoot all summer. Their styles are not the kind, therefore, that are subject to change."

Campaign for Belgian Relief Ends Tomorrow

The addresses of Tracy B. Kittredge of the University of California and other speakers for aid for the Belgians are making the closing days of the campaign in the east bay cities a great success. The receiving station in room 221 of the Hotel Hamilton, Fifteenth and Clay streets, of the Alameda County branch of the Belgian relief fund was thronged with donors yesterday. All packages and boxes of clothing must be left at the headquarters today or tomorrow, when the campaign closes. Mrs. Marie Requena again announced that only new clothing can be accepted, because of the strict sanitary regulations in Belgium. The statement is made that the United States must keep up the work of aiding the Belgians, and it is hoped that every man and woman in Oakland who can help will send their contributions without delay to the receiving station.

Mme. Doree Draws Big Houses at Pantages

While applicants to the operatic stage are flocking behind the scenes every day to have their voices tested by the famous impresario, who is seeking several good voices among the girls of America, Mme. Doree, with her wonderful opera company, is drawing thousands to the Pantages theater during the rest of the time. The Imperial Italian Grand Opera Company, under the direction of Michael Salvati, the noted composer, is one of the biggest hits Manager Pantages has ever offered the public.

The big comedy feature of the bill is "The Big Four," one of the classic quartet acts in vaudeville, has proved a wonderful attraction, and the whole town is talking about Alice Teddy, the famous roller skating bear, commonly known as the "Lillian Russell of the Animal Kingdom." Earl Flynn, "The King of the Ring," and other big features are on the bill.

Funeral of Asa J. Keck to Be Held Tomorrow

The funeral of Asa J. Keck will be held tomorrow afternoon. Keck died at his home, 415 Fort street, yesterday. The funeral will be held at the home. Keck came to this city from Philadelphia about a year ago. He was 65 years of age. He was prominent in a number of fraternal organizations and had been a member of Akron Lodge of Odd Fellows for many years. He was a native of Philadelphia. He is survived by a widow and a son, Dr. Harry E. Keck, of this city.

Institute Members Are Theater Party Guests

Joining forces for the evening, the Young Ladies' Institute and the Young Men's Institute enjoyed a large theater party last night at the Pantages theater. Many friends of both organizations were present. The arrangements were made by the district committee, which is composed of district and council deputies and representatives of the various councils of both organizations around Oakland and has as officers George V. Nolan, Mrs. Anna May, Harry J. Fazzolari and Nellie Brazil. The theater party was one of a number of "stiltles" held by the institutes this winter.

BIRD A WITNESS IN DIVORCE CASE

Parrot's Talk Is Evidence;
"Don't Beat Me," It
Repeats.

STOCKTON, Jan. 14. From behind the closed doors of department No. 1, where Judge D. M. Young for the past five days has been hearing evidence in the divorce case of Nettie E. Gayou against John Gayou, has leaked out a story of a parrot's talk being offered as evidence.

During the hearing, the hearing of the wife by the husband, was alleged. At such times, witnesses testified, Mrs. Gayou would repeatedly cry out, "Jack, don't beat me. Jack, don't strike me."

Now, it appears that the Gayous had a parrot who was accustomed to pick up stray bits of conversation and regale guests of the home with exhibitions of his linguistic accomplishments.

The plaintiff's attorney called a woman friend of Mrs. Gayou to the witness stand and questioned her as follows:

"Did Mrs. Gayou have a parrot?"

"Yes."

"Could the parrot talk?"

"State to the court what, if anything, you ever heard him say."

"Well," responded the witness, "I heard him say, 'O Jack, don't strike me. Jack, don't beat me.'"

"We object to that testimony,"

argued counsel for Gayou, "on the ground that it is hearsay."

Judge Young's ruling was lost in the laughter that followed.

The case has been taken under advisement.

Chico Lad Is Held on Robbery Charge

OROVILLE, Jan. 14. — Jack Eicher, alias Jack Anderson, the Chico lad arrested in Fresno by Sheriff W. R. Riddle, and brought back to Oroville to face a charge of having held up and robbed a Chico banana peddler of \$167.50, was held to answer to the Superior Court at a preliminary examination held before Justice of the Peace J. V. Parka. Bail was fixed at \$1000, or \$500 cash.

The only witness called was the sheriff, who testified Eicher had made a complete confession of the crime on the train coming from Fresno.

The lad admitted the crime, and told the sheriff he would enter a plea of guilty. He is anxious to receive sentence.

Higher Court to Rule in Butte County Case

OROVILLE, Jan. 14. — District Attorney E. A. Jones has been instructed to take an appeal from the recent decision of Superior Judge W. T. O'Donnell of Solano county in the Hall of Records Referendum case, in which O'Donnell ruled against the supervisors, holding that the ordering of the referendum was in addition to the county courthouse was a legislative and not an administrative act.

The appeal will be taken direct to the Supreme Court. The formal order was passed by the Superior Court on orders of Superior Court Judge J. T. O'Donnell, and the voters of Whittier, Evans, White and Foster, Supervisor E. F. Holmes of Chico voted against the appeal.

Railroad to Repair Sacramento Bridge

WASHINGTON, Cal., Jan. 14. — The local improvement club received a letter from Superintendent Dyer of the Southern Pacific Company informing the organization that the railroad had given orders for the repair of the bridge over the Sacramento river and the draining of the roadway on the bridge, which was requested by the club. The letter was read before a meeting of the club last evening.

Lindley and company are requested to place "No Trespassing" signs on its property near the M street bridge, where the tramps are now making their winter quarters. Other owners in the neighborhood have placed signs.

Suggests a Guardian for Forger's Victim

TREKA, Jan. 14. — Roland H. Stevens, who was beaten by the Justice's Court at Dunsmuir on the charge of forging a check on Jim Ming, was arraigned in the superior court and pleaded guilty to the charge, receiving a sentence of one year in San Quentin prison.

Judge Lewis in passing sentence made the suggestion that a guardian ought to be appointed for the Chinese, Jim Ming, to protect the taxpayers of Siskiyou county from the expense of prosecuting criminals who fleece him, as he does not exercise any precaution in cashing checks.

Peach Growers in Sutter Name Trustees

YUBA CITY, Jan. 14. — Byron Ashley, a well-known peach grower of this city, was named at a meeting of growers interested in the California Peach Growers' Association, as a trustee to represent this district in the organization. At the meeting in Fresno, today the Sutter county men will make an attempt to secure a place on the board of directors of the association.

Many packers are active here signing up growers on a basis of 5 and 6 cents a bushel for a contract. It is believed this is being done to discourage the peach growers' organization.

Marysville Youth Is Killed in Accident

MARYSVILLE, Jan. 14. — Word has been received at the Justice's Court at Dunsmuir on the charge of forging a check on Jim Ming, was arraigned in the superior court and pleaded guilty to the charge, receiving a sentence of one year in San Quentin prison.

Particulars of the young man's demise are expected later from the Humboldt county, where the burial took place. It is thought he was the victim of a mine accident.

Oroville Freezes; No Fruit Trees Damaged

OROVILLE, Jan. 14. — From 3 o'clock last evening to 3 o'clock this morning the mercury stood at 32 degrees, freezing point. No damage was done to citrus trees, the tender shoots on the orange and lemon trees having already been ripped by previous frosts.

PLUMAS COUNTY OFFICERS, QUINCY, Jan. 14. — The appointments by the recent board of supervisors were as follows: M. H. Bolen, M. D., county physician; B. J. Leavelle, M. D., county health officer; F. Hogan, courthouse janitor.

Bills to the extent of \$60,000 were approved.

Muslin Underwear

Our buyer was in New York before the rise in cotton prices, and when the market was splendidly supplied with choice laces and embroideries. He made it a point to place the tremendous orders required for this January event at a time when the factories were not rushed, when time could be taken for the proper care and finish of each individual garment. Consequently this Undermuslin Sale presents garments of wonderful quality at sharp underpricing—the winning combination!

A SPOONFUL OF SALTS RELIEVES ACHING KIDNEYS

We Eat Too Much Meat, Which
Clogs Kidneys, Says
Noted Authority.

If Back Hurts or Bladder Both-
ers, Stop All Meat for
a While.

When you wake up with backache and dull misery in the kidney region, generally means you have been eating too much meat, says a well-known authority. Meat forms uric acid which overworks the kidneys in their effort to filter it from the blood and they become sort of paralyzed and sluggish. When your kidneys get sluggish and clog you must relieve them, like you relieve your bowels, removing all the body's urinous waste, else you have backache, sick headache, dizzy spells, your stomach sour, tongue is coated, and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment, channels often get sore, water swells and you are obliged to seek relief two or three times during the night.

Either consult a good, reliable physician at once or get from your pharmacist about four ounces of Jad Salts: take a tablespoonful in a glass of water before going to bed, a few days and your kidneys will then get due. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate sluggish kidneys, also to neutralize acids in the urine so it no longer irritates, thus ending bladder weaknesses.

Jad Salts is a life saver for regular meat eaters. It is inexpensive, cannot injure and makes a delightful, effervescent lithia-water drink.—Advertisement.

Order of Deportation Is Revoked by Court

Even if his fellow citizens object to an alien and consider him undesirable, he cannot be deported without positive evidence against him and a fair trial, according to a decision given yesterday in the United States District Court by Judge Maurice T. Dooling, who overruled the order of deportation of Harry Katz made by the immigration officials.

Katz is a resident of Colfax and a subject of Great Britain. He was charged by the citizens of Colfax of securing money from a house of ill fame said to be owned by his brother, Joseph Katz, who was ordered sent back to England.

Judge Dooling held yesterday that there was no real evidence against Harry Katz.

FIVE DIRECTORS TO FACE RETRIAL

New Haven Heads Are Ordered
New Hearing by the
Prosecutor.

WASHINGTON, Jan. 14.—Retrial of five former directors of the New Haven Railroad under indictment for conspiracy to violate the criminal laws of the United States and to defraud the government, was ordered last night by Attorney General Gregory. William Rockefeller, Lewis C. Lodge, Edward M. Hobbs, Charles F. Brooker and Charles M. Pratt are the five in whose case a jury in New York City agreed last summer that the directors had conspired to defraud the government.

Mr. Gregory announced at the same time that the cases against George F. Baker, Theodore N. Vall, T. de Witt Cuyler, Francis T. Maxwell, Edward Milligan and Alexander Cochrane, indicted on the same charge and granted bail, would be dismissed.

The date on which the government will seek to begin the new proceedings was not decided, but it is believed there will be little delay.

It was said tonight that the determination not to continue the cases against Messrs. Baker, Vall and others was reached because they did not become connected with the New Haven board until recent years, and were not interested in many of the acts of which the government complained.

Directory Planned
at San Leandro

SAN LEANDRO, Jan. 14.—In order that a city directory may be compiled to facilitate free mail delivery citizens have been asked to send in their names and addresses to the postoffice. J. Wimmer of the Oakland postoffice has charge of the compiling of the directory.

According to Postoffice Superintendent M. J. Andrade, the working of the postoffice since its consolidation with the Oakland office is properly systematized. The carriers make two deliveries a day, one after the morning mail and the other after the 1 o'clock mail. All mail which is put in the mail boxes about town or in the postoffice after the last mail of the afternoon is picked up at 2 o'clock in the evening so that it gets the same service as does the mail which catches the mail car at 4:30 in the afternoon. This applies especially to mail which goes to Elmhurst, Fruitvale and East Oakland. After the city directory is completed the local mail will be segregated in the Oakland office so that it will be ready for distribution when it reaches San Leandro.

Mrs. Heitmann's Will
Set Aside by Jury

MARTINEZ, Jan. 14.—The will contest in connection with the estate of the late Martha Lena Heitmann to set aside bequests of property valued at \$20,000 to the family of Henry C. Burns, on the ground of undue influence, filed by her husband, Ernest A. Heitmann, resulted in a victory for the latter at the hands of a jury today.

The jury found that the decedent was incompetent, acted under undue influence and gave an invalid will to the property to her executor preceding her death.

Heitmann, when 59, married his wife, who was 60, in 1909. In 1914 Mrs. Heitmann went to live with the Burns, and while there made a will in their favor, covering 170 acres of valuable land. The case was tried before Superior Judge H. H. Latimer.

Glenview Club to
Meet With Miss Rose

FRUITVALE, Jan. 14.—Miss Mein Rose, accomplished daughter of Mrs. Hugh M. Cameron of Everett avenue, will entertain the members of the Glenview Improvement Club at a social gathering Friday evening, January 21. Miss Rose possesses a splendid soprano voice and friends predict a future as a singer. She is prominently identified with social and musical circles in the east bay cities.

Chickens in Coops
Float on Floods

HAYWARD, Jan. 14.—Two coops of surprised poultry underwent the experiences of their two ancestors in the ark and Deputy County Clerk Hans Henningsen secured a stock of chickens gratis as a result of the flooding in this district. The water from San Leandro crept overflying in the Ora Loma district washed from their foundations two large coops which with the startled and cackling occupants were drifted down the river to the ocean. An elderly washed them into the garden of Henningsen.

Their owners are being sought and in the meantime the poultry is housed in a home where the county official and are displaying their gratitude and proof they did not suffer from their ark-like ride by furnishing him a liberal supply of eggs.

Accused Moonshiner
Is Freed of Charge

PORT SMITH, ARI., Jan. 14.—Leo F. Brock of Los Angeles, Cal., one of the defendants in the so-called "moonshine" case captured last week, was freed of the charges against him yesterday when the government entered a decree of nolle prosequi in his case.

Brock was declared mentally deficient at the last term of court by a board of medical examiners. Several distillers and government employees are serving prison terms in connection with the alleged conspiracy by which the government claims it was defrauded of thousands of dollars in taxes on whisky.

Will Forward Report
on Divers to Capital

MARE ISLAND, Jan. 14.—The findings of the naval board that recently inspected three "dive" submarines will be forwarded to Washington, it is expected Saturday. The members of the board are secretive in regard to their report, but it is understood that they believe that the crew who made local coast defense boats after they are overloaded and new batteries installed.

MARE ISLAND NOTES
MARE ISLAND, Jan. 14.—Word has been received that the Navy Department has captured and returned to the United States the submarine U-156, which recently inspected the destroyers Paul Jones, Brodie and others. The three destroyers were captured by the U-156 in the Pacific Ocean when they arrived here in March for overhaul.

AEROPLANE WILL CONTROL TORPEDO

New Device Adds Another Ter-
ror to Naval War-
fare.

WASHINGTON, Jan. 14.—Wireless control from an aeroplane of a coast defense torpedo has been developed. It was learned yesterday, and patents for the device are included in the Hammond radio-controlled torpedo rights for the purchase of which the navy department has asked congress to appropriate nearly a million dollars.

Aeroplane control, naval officers explain, make it possible for the operator to guide the radio torpedo through the water from any height. Air bubbles from the compressed air motor of the torpedo give him a certain guide by which to steer it against a ship's hull. By use of powerful glasses it has been possible heretofore to control the torpedo from shore to a distance of nearly 12,000 yards, but the new device will make the missile effective to the full range of its motor capacity, or even far at sea, if the torpedo is launched from a swift motorboat within sight of an enemy ship.

The Hammond patents are now before the House appropriations committee, which continued today its detailed consideration of the proposal to speed up the \$2,000,000 on improving coast defenses within the next four years.

Here Are "Be-Polite"
Rules for All Pupils

SACRAMENTO, Jan. 14.—Rules for good manners and right conduct, written primarily for children in the Philippines, have been modified and adopted for California pupils by Dr. Margaret Schallenberger, Commissioner of Elementary Schools.

Among the rules which are printed in the new issue of the Blue Bulletin of the State Board of Education for teachers are these:

If you are a girl, receive the attention of boys courteously. Always say "Thank you" distinctly, so they can hear you whenever boys have done favors for you, such as opening doors, carrying parcels or handing you something you may have dropped.

If you are a boy, be respectful to women and girls. Raise your hat when you greet them. Stand aside to let them pass out of a doorway first. Carry heavy bundles for them.

BOMBS HURLED AT PREMIER OKUMA

Japanese Statesman Again Is
Unharmed by As-
saults.

TOKIO, Jan. 14.—Count Okuma, the Japanese premier, who twenty-eight years ago narrowly escaped death at the hands of a bomb thrower, had a similar experience just before midnight last night as he was returning from a banquet at the Imperial palace given in honor of Grand Duke Mikhailovich of Russia, who has brought the congratulations of Emperor Nicholas to Emperor Yoshihito on the occasion of the latter's coronation.

The premier was not injured. His secretary and the chauffeur also escaped unscathed. Two bombs were thrown at the premier's automobile. One of them exploded just before

CATHEDRAL BURNS, AS ITALY MOURNS

Fire Occurs During Memorial
of Avezzano Earth-
quake.

ROME, Jan. 14.—The cathedral at Sora was destroyed by fire yesterday while services were in progress throughout Italy, commemorating the earthquake at Avezzano and Sora a year ago.

The fire destroyed the statue of Saint Basil, Sora's protecting saint, which was almost the only object in the church of Sora which escaped uninjured in the earthquake of last year.

This statue was removed to the cathedral and a great ceremony was held there today, in memory of those who lost their lives in the earthquake. During the services a candle fell and set fire to the altar cloth and the whole building was consumed.

The superstitious peasantry had been assured by the fire and the loss of the statue, which they regarded as an omen of war time.

YES, HE HAS A NEW SUIT

—But It Isn't Because
He's "Flush" With Cash

That isn't how he happened to buy that fine-looking suit he's wearing. Fact is, he's been a hard worker, most men if he were really clever, that fellow, to contrive a smile and a nifty appearance out of disappointment and the loss of the little fund he'd saved up for his new suit and Overcoat.

But he just had the good sense to do what any other man can do just as easily. HE BOUGHT HIS SUIT ON CREDIT—AT CHERRY'S.

CHERRY'S arrange monthly or weekly installment terms with any responsible man. Their Winter Suits and Overcoats are handsome, varied and up to the top notch in style and fit.

You know CHERRY'S location, of course. It's at 528 13th St., where men's clothing is specialized in exclusively. Across the street, at 515 13th St., is their women's store, devoted to apparel for women only.

San Francisco CHERY'S stores are located at 1009 Market St. and 2409 Mission St. Other Pacific coast stores are in Portland, Los Angeles and Sacramento.—Advertisement.

Santa Fe Club Installs Officers

The Santa Fe Improvement Association installed its officers for 1916 Tuesday evening. The assembly hall of Santa Fe school was crowded with members and their guests, including many prominent civic representatives.

Sheriff Barnett and School Directors Boyle and Aber responded when called upon for brief addresses by Treasurer Fred L. Shaw. Superintendent Potter of the traction company spoke in behalf of the pending street ordinance.

The retiring president, J. M. Hyland, was presented with a gold watch as a token of the esteem of the membership. The following were installed: Bruce T. Dunn, president; Orville B. Caldwell, vice-president; Charles C. McClain, secretary; Fred L. Shaw, treasurer; Fred J. Prole, sergeant-at-arms.

President Dunn outlined his policies for the coming year. The keynote of his speech was co-operation. One of the first subjects to be taken up will be the proposal for a consolidated city and county government. Committee members announced were: Finance, J. M. Hyland; membership, A. Harris; public safety, W. J. Waterhouse; welfare, James Garlinda; streets, parks and playgrounds, J. Emil Petersen; education, O. B. Caldwell; publicity, Fred L. Shaw; public utilities, H. A. Johnson.

Society

A very interesting reunion will be held next Monday afternoon at the Hotel Oakland, where members of the Alameda County Women's Auxiliary, P. P. E. I. will meet. The afternoon of the Fair will make the afternoon a delightful one, and several subjects of special interest to members will be discussed at a business session, at which Mrs. A. C. Foster, president of the auxiliary, will preside.

MISS BRUNE'S WEDDING.
Society in Oakland and Alameda is interested in the marriage of Miss Alice Brune to Mr. Alan Van Fleet, which has been set for Monday afternoon, January 21. It will take place in St. John's Episcopal church in Ross Valley, where the bride is a resident. The bride is a granddaughter of Captain Van Ostrander of Alameda, and has many friends on this side of the bay.

ACROSS THE BAY.
Mr. Ernest George, son of Mrs. William L. George of Berkeley, and popular bachelor of society across the bay, has taken apartments at the Hotel Reed in Post street for the next few months.

FOR BRIDE-ELECT.
Miss Lucella Alexander, whose wedding to Mr. August Krueger will take place within a few weeks, will be guest of honor at a bridge party to be given on Monday afternoon by Miss Katherine Carter.

BERKELEY WEDDING.
This evening at a quiet home ceremony Miss Ruth Catherine Edwards will be married to Mr. James D. Montgomery of San Francisco. The wedding will take place at the residence of the bride's parents, Mr. and Mrs. B. F. Edwards, in different road Berkeley, and only relatives will be present. The young couple will make their home in Berkeley after the honeymoon.

VISITED LOS ANGELES.
Mrs. J. W. Gaither and Miss Margery Gaither have returned from Southern California, where they spent the holiday season. They were guests of friends in Los Angeles, where Miss Gaither was entertained at a number of informal parties given in her honor.

COLLEGE TEAS RESUMED.
The college teas that are usually given every month at Hearst hall during the season were discontinued in November because of the closing of the Exposition and holiday events, but will be resumed next month. The first one will be given Saturday afternoon, February 5, at Hearst Hall, and Mrs. F. J. Taggart will be hostess. Several of the professors' wives will assist her in receiving.

INFORMAL RECEPTION.
This evening Mrs. Frederick Harrison will give an informal reception at her home in East Oakland for members of the choir of the First Methodist Church, of whom her son, Mr. Frederick Harrison, Jr., is one. There will be an impromptu musical program and later supper will be served.

READING CLUB MEETS.
Members of the Monday Reading Club, which has resumed meetings for the season, will be entertained by Mrs. S. S. Shepard next Monday afternoon. Some of those who belong to the club are Mrs. H. C. Carroll, Mrs. Frank Greenwood, Mrs. William R. Davis, Mrs. Franklin Bangs, Mrs. Harry Banner, Mrs. L. W. Storer and Mrs. Ralph Kluser.

GIVES CARD PARTY.
Mrs. M. J. Sweeney was hostess at a bridge party at the Hotel Oakland a few evenings ago, her guests including Mrs. J. W. Preston, Miss Carlo Gantler, Mrs. J. H. Barker, Mrs. B. L. Spence, Mrs. E. C. Case, Mrs. G. H. Brinkley and Mrs. E. J. Hendall.

PLAN HOUSEWARMING.
Mr. and Mrs. Charles James Kuekel (Linda) will be at home informally to their friends at their new home in Warrenfield avenue, Oakland, on the evening of January 22. Mrs. Kuekel will be assisted by her mother, Mrs. Russ of San Francisco, and her sisters, Mrs. A. B. Sykes of Berkeley and Mrs. E. A. Armstrong of Oakland.

LEAP YEAR PARTY.
The dances of the Friday evening club at the Hotel Oakland this evening will be a leap year party, and the members are anticipating a merry affair with the usual ballroom ethics reversed.

PLAN THEATER PARTY.
A large theater party will be held at the Orpheum next Wednesday evening, January 15, by members of the Sunday School Club. There will be several hundred of the members and their friends from the bay cities in the audience and the evening will be a gala one.

DINNER PRECEDES RECEPTION.
One of the dinners preceding the reception given at the Hotel Oakland last evening by Mrs. and Mrs. William S. Noyes, was that at which Mr. and Mrs. William Thornton White entertained a dozen guests. The reception was a delightful affair, the many guests filling the large ballroom, where there was dancing until long past midnight.

FOR BRIDE-ELECT.
Miss Margaret Loran, the fiancée of Mr. Linville Hotchkiss, was guest of honor at a luncheon given Wednesday by Mrs. William J. Hotchkiss at the Hotel Claremont. The guests included Mrs. L. W. Puccini Will Mephisto at Sunday's Concert

Paul Steinbock, conductor of the Sunday afternoon "Pop" symphony concert, to be given during the winter months at the Oakland Municipal Auditorium, announced today that he had secured Signor E. Puccini to sing the role of Mephisto in the production of Gounod's grand opera, "Faust," at the second of the concert to be given next Sunday afternoon at 3 o'clock.

Signor Puccini will make his first operatic appearance on the Pacific coast in this role, although he is well known throughout the country as a former star of the Lombardi Opera Company and the Chicago Grand Opera Company. He is a baritone singer of great ability and his accession to the other well known soloists who will appear Sunday will make this program one of the most notable ever given in Oakland.

Last Sunday Verdi's "Aida" was given and following "Faust" will be Verdi's "Rigoletto." The fourth concert will be chosen by the music lovers themselves. A ballot box will be installed in the arena and those attending the concert will be asked to write the name of their favorite opera on a slip of paper and deposit in box. Miss Lillian Russell, the light opera star, who will attend next Sunday's concert with the inmates of the Industrial Home for the Adult Blind and the California School for the Deaf and Blind, will depict the first role.

the choir of the First Methodist Church, of whom her son, Mr. Frederick Harrison, Jr., is one. There will be an impromptu musical program and later supper will be served.

SOUTHERN TRIP.
Miss Annie Miller left this morning for Southern California, where she will be established at Santa Barbara for the next three months. Miss Miller's niece, Miss Marjorie Moon, will go later to Santa Barbara to be with her for several weeks.

VISITOR ENTERTAINED.
Mrs. Ray McKinney, a recent bride, whose home is in Oregon, is visiting her parents, Mr. and Mrs. Herman Brune, in East Oakland. She was the guest of honor at a whist party given by Mrs. Brune last week. A musical program followed the card games and Mrs. Richard Rees of San Francisco, Mrs. McKinney, Miss Olga Brune and Miss Victoria Debert contributed to it.

The guests were: Mrs. G. Atkinson, Mrs. S. Atkinson, Mrs. Frederick, Miss Olga Brune, Mrs. Butts, Miss Helen Butts, Miss Burnett, Miss Virginia Debert, Mrs. A. Cowan, Mrs. Hansen, Mrs. Lewis, Madame Louis, Mrs. Ray McKinney, Mrs. Nell, Mrs. Phillips, Mrs. Porter, Mrs. Reed, Mrs. Roach, Mrs. Richard Rees, Mrs. Rubens, Mrs. Schaad, Mrs. Starkey, Mrs. Swaboda, Mrs. Ward, Mrs. Winton, Mrs. Wilson.

E. N. TAPSCOTT TO GIVE COUPON TALKS

Unique Campaign Will Be Waged by Oakland Realty Man.

In order to thoroughly acquaint the buying public with the use of Tapscott Money-Saving Coupons as a means of becoming a property-owner through the cash refunds given by merchants of San Francisco and Alameda county to holders of these coupons, E. N. Tapscott, one of the largest and most successful subdividers of real estate in the bay region, is starting one of the biggest advertising campaigns that has been seen in this territory in the past year.

This campaign will start with a series of ten coupon talks, explaining just how the coupons save from five to ten per cent of every purchase of personal or household necessities. In order to make it an object to the housewives and others to read these advertisements and to create interest in the coupons themselves, every person who presents the entire series of ten advertisements at any of the Tapscott offices will receive \$5 worth of these coupons free. At the very latest estimate it is figured that at least \$50,000 worth of these coupons will be given away.

In speaking of this advertising campaign Tapscott said:

"We are endeavoring to place the burden of proof on the people themselves. We want to show them that this is the very best proposition that has ever been made in connection with the sale of real estate. We advertise that the people can own a fully improved and restricted lot without paying a cent more than \$20. The people doubt this assertion. We advertise that over 2000 merchants in San Francisco and over 600 in Alameda county accept Tapscott coupons for either 5 or 10 per cent of every purchase. The people doubt this assertion. We advertise that these coupons can be used for everything they need for the home, the table, the wardrobe, the building of a house, the garage, in fact, all necessities and requirements. The people are frankly suspicious.

"Then we advertise that these coupons are given away absolutely free. The people immediately reply that it can't be done."

"We are going to give away at least \$50,000 worth of these coupons. We are going to put it squarely up to the people themselves. We are going to ask them to come and get these coupons, \$5 worth to an individual. We are going to ask them to take the coupons out and buy anything

from a package of mush for breakfast to furniture and carpets for the house. We intend to show anyone that may be interested that it can be done. We will show them that having used these coupons they have saved \$5.

"Then, if any of them do wish to buy property of E. N. Tapscott they can do so, and every time they pay \$1 on a lot they will receive \$5 worth more coupons. Each time they have used \$5 worth of coupons they have saved exactly what

Saved Her Life

The unqualified endorsement of Fruitola and Traxo in a recent letter from Mrs. S. Grindle, 2018 Mignonette St., Pittsburgh, Pa., will be of interest to other sufferers from stomach and intestinal troubles. Mrs. Grindle says:

"The doctors had given me up, saying the only hope left was an operation. I tried Fruitola and passed hundreds of gall-stones with the first two bottles. Am now feeling better than I have for years past. I will be glad to tell any sufferer how it has helped me, for I owe my life to it."

Fruitola possesses properties that act directly upon the intestinal parts, softening the congested waste and disintegrating the hardened particles that cause so much suffering, and expels the accumulation to the great relief of the patient. Traxo is a tonic-alternative that acts on the liver and kidneys, stimulates the flow of gastric juices to aid digestion and removes bile from the general circulation. It serves to build up the weakened, run-down system. For the convenience of the public, arrangements have been made to supply Fruitola and Traxo through representative druggists. In Oakland they can be obtained at The Owl Drug Co. stores.

WOULD BURY HUERTA'S BODY ON MEXICAN SOIL

Friends of Exiled Ex-President Planning Funeral Services

EL PASO, Tex., Jan. 14. Funeral arrangements for General Victoriano Huerta, who died here last night, had not been announced early today. The possibility of burial in Mexico, the land of his birth and from which he was an exile, was being considered.

Huerta, once provisional president of Mexico, was 72 years old. One of the notable figures of the Mexican revolution, he was until recently a closely guarded prisoner in the United States, where he fled in times of stress.

General Huerta had been ill for nearly six months, his illness first becoming marked soon after his incarceration as a federal prisoner at Fort Bliss last July. Attending physicians attributed death to a complication of liver complaints, which caused a general breakdown.

The general's condition first became alarming last fall and he was transferred from Fort Bliss to his home in El Paso. Apparently improved after a stay at home, he was again removed to the fort. Shortly after Christmas physicians recommended immediate removal to the general's home again. Federal guards were withdrawn and a \$15,000 bond asked by the government for the appearance of General Huerta on a charge of violating the neutrality laws of the United States was waived. General Huerta was removed to his again to his home. From that time on his decline was rapid.

DEATH ANNOUNCED.
At 8:30 last night General Ignacio A. Bravo, for many years a close friend and adviser of General Huerta, announced to waiting newspapermen that the general had just died. There was a break in General Bravo's voice as he told of the passing of his friend and he sat simply down in a chair, overcome by the fatigue of the many hours without rest.

General Huerta died fortified with the last rites of the Roman Catholic church, which had been administered some hours before. He was in full possession of his faculties and surrounded by the members of his family and a number of close personal friends, most of whom were members of his staff in the days of former glory.

Only two days ago a grand jury, in

San Antonio, Tex., returned indictments against General Huerta, charging conspiracy to violate the neutrality laws of the United States.

General Victoriano Huerta was a professional soldier, and as such he had been known, up to the overthrow of President Francisco Madero, for his loyal support of the existing governments. He fought loyally for President Porfirio Diaz until the latter's fall, and when Diaz was no longer chief executive Huerta fought for Francisco de la Barra, the provisional president. After Francisco Madero was elected Huerta found it to be his duty to support one who had long fought as a rebel. His loyalty was not challenged until the Felix Diaz revolution in Mexico City, in February, 1915, when the Madero government was completely overthrown and Huerta himself elevated to the presidency.

Huerta took office as provisional president on February 19, 1915. Three days afterward Francisco Madero, one of his brothers, who had been arrested with him, and Jose Maria Pino Suarez, vice president under Madero, were assassinated while riding under guard from the palace to the penitentiary.

INTERVENTION URGED.
This crime aroused a storm of indignation throughout the United States. In many quarters there were demands for intervention, but President Taft, who was on the eve of leaving office, decided to take no action that might commit the incoming administration of President Wilson.

Immediately on assuming office, President Wilson refused to recognize Huerta as the head of the Mexican government, in spite of the fact that such recognition had been granted by Great Britain. At the same time the Mexicans called under Venustiano Carranza, governor of Coahuila, and Francisco Villa, declared against Huerta.

Throughout the winter the tension between the United States and Mexico continued to grow more acute. The climax came in April, when a party of American buickets was seized at Vera Cruz and thrown into jail. The Americans were quickly released, but Huerta refused President Wilson's demand for a formal salute to the Stars and Stripes as a measure of reparation. On April 13 American bluejackets and marines landed at Vera Cruz in force and occupied the city after some street fighting, in which a number of Americans were killed.

Shortly afterward a mediation proposal was made by Argentina, Brazil and Chile, and accepted. Conferences were held at Niagara Falls, but brought no decisive result.

Matters dragged along until July 7, when Huerta, his finances exhausted, his army thoroughly beaten and disorganized, his enemies growing steadily stronger, presented his resignation to the Mexican congress. He sailed from Puerto Mexico a few days later on the German cruiser Dietrich, and after a short stay in Jamaica, chartered a steamer and set out for Spain. On November 23 President Wilson ordered the evacuation of Vera Cruz.

ARRIVES IN AMERICA.
On March 3, 1916, General Huerta left Spain, ostensibly for Buenos Aires. He disembarked at Algeciras, Morocco, and early in April boarded a steamer for New York, saying he was coming to this country simply on a pleasure trip.

After remaining in New York for some time he started West, with the announced intention of visiting the San Francisco exposition. On June 27 he was arrested by secret service men at Newmarket, N. Y., on a charge of conspiring to incite a revolution against a friendly country. He was released on bond, but was re-arrested by secret service men at El Paso on July 3 when apparently planning to cross the border.

Chiropodists Now Have Society in Oakland

The recent enactment of a law regulating the practice of chiropody in California has led to the organization of a society of chiropodists in Oakland. The first meeting was held last Wednesday evening at the office of Dr. J. A. Lesonsie, and it is proposed to hold monthly gatherings.

It is supposed, from time to time, to take up discussions of all ailments of the feet. It is further the object to establish a free clinic of chiropody.

Those who are members of the following: Dr. Lesonsie, Dr. Dalton, Dr. Demasant, Dr. Schwartz, Dr. Taster, Dr. Michael, Dr. Wilzinski, Dr. Bauer, Dr. Anderson, Dr. May Irwin, Dr. Maria Clements and Dr. Minerva H. Lesonsie.

Whist Party Receipts to Be Given to Church

On Tuesday, January 11, a whist party will be given by the Knights of Columbus hall, 660 Thirteenth street, in aid of St. Andrew's church. An added feature of attraction will be a dance for the young folks. McNamara's orchestra has been engaged for the evening. The young folks for the evening will be: Misses Rita Kennedy, Ruth Gleason, Cynthia Bradley, Nellie Ward, Teresa Leonard, Louise Freitas, Elizabeth Hennessey, Mildred Clements, Yolanda Segerton, Alvora Hogan, Bessie Curley, Alice Ruthgerford, Margaret Hennesberry, Margaret Cavaneagh, Annie Zales, Mary Uzzell.

Young Folks Are Guests of Miss Myrtle Strong

FRUITVALE, Jan. 14.—Miss Myrtle Strong, 3818 Carrington street, entertained a party of young folk at her home this week. Those present were: Stuart Tocher, Miss Myrtle Strong, Joseph Stowers, Miss Vera Meyers, Allen Tocher, Miss Edna Strong, Jack Tocher, Miss Margaret McDermid, William Noblitt, Miss Madge McDermid, Henry Schnarr, Miss Evelyn Tocher, Roy Bassett, Miss Ada Tocher, Kenneth Jackson and Ed McDermid.

Injured Railroad Man Removed to Hospital

Galen Damon, 21 years of age, a Southern Pacific fireman, who was struck by the Fresno Flyer last night while crossing the tracks at First and Brush streets, was removed to the Southern Pacific hospital today from the emergency hospital. He is suffering from concussion of the brain and internal injuries. Damon lives at 169 Judson avenue, San Francisco.

Hospital Patients Endangered by Fire

PUEBLO, Colo., Jan. 11.—Several scores of patients were endangered in an early morning fire which partially destroyed the new addition to St. Mary's hospital. The entire fire and police departments were called out to fight the blaze and rescue the inmates, in which the status of charity and nurses aided. No one was injured seriously. The loss is estimated at \$25,000.

ACCUSED OF LARCENY.
NEW ORLEANS, Jan. 14.—George Fox, who says he belongs to a well-to-do family in San Francisco, but refuses any other information about himself, was arrested here yesterday in a fashionable apartment house on St. Charles avenue, in company with Mrs. Emma Montano, who was held on a charge of grand larceny.

RUNS INTO POST.
Crashing into a police and fire alarm post at Sixteenth and Wood streets, Graham Bays last night made his escape after badly demolishing his automobile, only to be apprehended later by Patrolman Oakes. He was taken to the city prison and charged with a misdemeanor and violating traffic ordinance 216.

GARDNER APPEALS CASE.
Claiming that the mayor should have the final decision in the matter of discharging civil service employees, Calhoun B. Gardner, recently discharged from employment by the park commission, has appealed to the Superior Court to have the question threshed out.

Two Victims of Rabid Coyotes Here for Treatment

Attacked and bitten by rabid coyote in the hills of Northern California, where the state board of health is now fighting a general epidemic of the wild animals, it was reported that a man and a woman were taken to the University of California for treatment. The man was bitten by a rabid coyote while hunting in the hills of Modoc and Lassen counties. The woman was bitten by a rabid coyote while hunting in the hills of Modoc and Lassen counties.

Among the stories of the animals are these: They travel in packs, and in some instances have attacked towns, driving residents into trees. Dumped through windows into houses. Attacked rapidly moving railroad engines. Chased iron gates. Attacked men who were herding sheep. Attacked farmers doing chores about the barn. Attacked hunters and children on their way to school.

Reports received by Dr. George C. Ehrhart, president of the state board of health, announce that in Alturas a rabid coyote dashed into the town, leaped through a window and terrorized a house full of people. Another report tells of farmers being forced to take refuge in a pig pen while their dogs fought with and killed the coyotes. The dogs and pigs had to be shot.

Schools in the hills along the borders of California and Nevada have been closed, it is reported, and dogs are being shot on sight, lest they spread the disease. "This is the first time scientists have had a chance to study the actions of crazy coyotes," said Dr. Ehrhart, who has taken charge of the war against the coyotes, in co-operation with the United States public health service and the forestry service.

"The problem is how the coyotes became infected. The first case among the dogs occurred in 1909. In 1913 a crazed coyote was killed in Tulare. Last October the disease broke out in Shasta and Siskiyou counties. Modoc and Lassen reported trouble and the campaign was started."

Little Tony's plea for a bed to accommodate some of his eleven brothers and sisters who had to sleep on the floor was answered while his plea was still fresh on the TRIBUNE which last night carried his message into the homes of Oakland's good fellows.

No better proof could be offered of the circulating value of a modern newspaper. The item was small, but at least twenty-five people telephoned before nine o'clock last night and more calls this morning. The request had been complied with already.

A public-spirited local express company volunteered to call for the beds and deliver them to Tony's address.

500 Negro Soldiers
Loot in Tenderloin

HONOLULU, T. H., Jan. 14.—Five hundred United States troops of the Ninth Cavalry (colored) participated last night in a systematic raid of the Honolulu Tenderloin district, during which nearly all the establishments conducted by white persons were wrecked and many were looted. Efforts of the police to control the situation were without avail, and a battalion of the Second Infantry, with fixed bayonets, acting in concert with a detachment of mounted scouts, cleared the streets. The section of the city in which the raid occurred was placed under martial law. The cause of the demonstration was not known to the authorities this morning.

Cabaret Ball Planned

Plans are being perfected by Oakland Lodge of the B'nai B'rith for a "Cabaret Ball" on the evening of January 25, at the Regency Hotel, where the affair will be held. The guests will sit at small tables, while cabaret performers and entertainers will dance, sing and offer vaudeville specialties. Milton Schwartz is head of the committee on arrangements, others being J. H. Lesser and Sydney Kahn.

CELLARS ARE FLOODED BY HEAVY RAINS

Damage Occurs in Oak- land Only in Small Portions

Cellars were flooded, sewers clogged, and streets in outlying districts were under water, this morning, as the result of last night's steady and heavy rain. The Oakland storm is a portion of a state-wide rain, heavy precipitation being reported at the weather bureau from all parts of California.

Other than the flooding of basements and rising up of a few streets, however, the storm did little damage in Oakland. None of the water companies reported any loss, with the exception of the usual minor wire troubles. The Key system subway, which in the last heavy storm was flooded for a while, this time occasioned no delay, the pumps working perfectly.

STREETS GET OVERFLOW.
The principal damage was in Oakland's downtown sections. Several streets were flooded, and a number of storm sewers, overtaxed, sent streams of water into the streets in the hill residence sections of Oakland and Piedmont.

The rainfall was steady throughout the night, stopping for only a few moments of the time, and kept up the same intensity. A brief wind last night died down toward the morning. More rain is predicted today.

The storm is a section of the widespread disturbance that has swept south from Oregon. Rain in heavy quantities is reported up and down the coast. The storm is moving gradually southward.

HOW MUCH RAIN FELL.
The storm is still hovering off the northern coast, with a section separating from the main disturbance and moving slowly over northern Nevada. All of California north of Fresno received some moisture, but the greatest rainfall fell in the bay region and the upper Sacramento valley.

There is no sign of an immediate abatement of the storm. Some clearing conditions may be noticed today, but Forecaster G. H. Wilson declared this morning that the rain would undoubtedly continue and that Southern California would get some of it tonight and tomorrow. The rainfall up to 5 a. m. in the Northern California stations is reported as follows by the San Francisco weather bureau:

Oakland	1.84
Oroville	1.44
Point Reyes	1.42
Tamapalms	1.40
San Jose	1.04
Sacramento	.73

CREEKS OVERFLOW.
While small creeks overflowed their banks in places, even the low-lying portions of Alameda county escaped excessive flooding. Rain water collecting in the low country about the bay covered considerable areas of land near Alameda and other bay-side communities. There was, however, little, if any, damage, and the larger creeks were confined within their banks. Hayward, San Leandro, Alameda, Livermore, Pleasanton, and other county centers reported their districts comparatively free from damage.

Precautions were taken at Lake Chabot to prevent an overflow, the escape gates being opened. The excess water from the lake was turned into the San Leandro creek, which in consequence is running high but with no prospect of an overflow.

Farmers hail the rain with delight. The soft, steady downfall has thoroughly soaked the soil and conditions are excellent for the new crops.

\$655,000 TO PAY DEBT OF \$2,320,101?

Eninger Estate Insolvent, Is Assertion of Creditors

Widow's Allowance Also Under Attack in Petition

Claiming that the \$655,000 estate of the late Victor Eninger is insolvent owing to the fact that there are claims against it aggregating \$2,320,101.88, Martha E. Hallidie, trustee of the California Wire Works and creditor of other claimants, has petitioned the superior court to set aside the order of \$1000 a month family allowance now paid to the widow, Theresa Eninger of Alameda. Eninger died December 6, 1914.

On November 9, 1915, W. A. Grubb, in behalf of certain stockholders in the San Juan Portland Cement Company filed a claim of \$2168,712 against the estate, alleging that Eninger, as one of the former stockholders of the cement company, had juggled the company's finances in deals with the Palmer Oil Company.

It is set forth that the widow has distributed \$155,000 worth of securities in her husband's estate and that the \$1000 a month allowance is no longer necessary. She has been cited to appear in court to show cause why the order should not be vacated.

The California Wire Works has forfeited its corporation charter. The claims entered by Martha Hallidie amount to \$151,000.

TIME IS EXTENDED ON POSTER CONTEST

Chamber of Commerce Com- mittees Meet To- night

The Chamber of Commerce advertising bureau has extended the time for the poster contest, in which a number of artists are competing for prizes for the best design for the masked ball and advertising carnival to be held at the Municipal Auditorium on St. Valentine's eve. General Chairman George Cummings announced today that the time for submitting poster designs had been extended until Wednesday, January 19.

Notices have been sent to the California College of Art, the Berkeley School of the Arts and Crafts and to other art schools, asking the students to compete. Conditions of the contest are announced as follows:

The poster must be of such a size that it may be reduced successfully to 22 inches. The artist is limited to three colors, to be obtained in printing by two impressions. It must carry the following wording:

"Advertising Carnival of Chamber of Commerce, February 14, at Oakland Auditorium."

Space that will measure four inches when the poster is reduced must be left in which printed matter may be set.

The prizes offered will be awarded by a committee, including general artists. There will be three prizes, the first of \$25, the second of \$15 and the third of \$10.

"Advertise advertising" will be a slogan of the merchants and businessmen behind the big masquerade ball and carnival. The festival will be held at the auditorium, designed to attract the attention of the public to the great strikes advertising has made in the past decade.

Committees in charge of the affair will meet at the Commercial club to grill the final arrangements. Following the meeting, announcements will be made as to the various contests. The meeting being important, the chairman of the committees have urged all the members to be present.

SON INJURED: SUES.
Mrs. John E. Pearson has commenced suit in the Superior Court for \$25,000 damages against J. A. Thomas for injuries sustained last June to her son, Marcelle J. Pearson, when he was struck by Thomas' automobile, sustaining a fractured skull and other injuries. The accident occurred at East Fourteenth street and Nineteenth avenue.

FLOODS THREATEN. LITTLE ROCK, Ark., Jan. 14.—

What was predicted would be the most dangerous flood in the history of the White river bottoms was forecast in Little Rock today in an urgent warning issued to White river cities by the local United States weather bureau. Especial danger is threatened because levees, which were destroyed in the disastrous floods of last August have not been replaced entirely. The Arkansas river is rising also.

Late yesterday afternoon an automobile drove up to The TRIBUNE office and six ragged little children were lifted out by a kindly doctor who had found them huddling in a shack on the Alameda shore. The children had neither shoes or stockings and were cold and hungry. The doctor, who was horrified at the condition I found there. I didn't know what else to do, so I bundled them all up in my machine and brought them here. If the Good Fellow department will try and clothe them I will do the rest.

So the wardrobe department which had already been forced to tend to the needs of ninety-five little ones for the day, was called upon to disgorge further apparel. Fortunately clothing of some kind was found for all. Just how this was accomplished is one of those things no one may explain. Again and again the tired matron and school nurses despondently admit to one another that it will be simply impossible to care for any more. And yet, when more little ones show up, they are somehow fitted out.

Though rain may prevent the Good Fellow from taking their bundles of clothing to The TRIBUNE, it seems on the other hand to spur the needy ones into going there in search of something to keep them from freezing. Yesterday was a particularly heart-breaking day for the Good Fellow department.

As early as 8 o'clock in the morning little 7-year-old Marjorie D— and her 5-year-old brother, Walter, appeared on the scene. The two children were drenched with rain and the little boy was without either shoes, stockings or a hat. They had heard that little daddies were getting warm coats and shoes and stockings at The TRIBUNE and without consulting any one they set out and ran all the way from the western waterfront to The TRIBUNE building. They arrived breathless and soaked, but glowing with the blood that flows in healthy children. Patiently they waited near a hot stove for the matron to arrive.

"Please, ma'am," said Marjorie, "will you take care of Walter and me, 'cause he's only a little boy and mamma told him not to go out because we didn't have any shoes for him at all, but I thought maybe some one had sent a pair here that would just fit him. We haven't had breakfast yet. I wanted to get here early so as to make sure he would get a pair of shoes." Our daffy is dead and mamma has to work.

Marjorie was given a nice warm dress, a pair of woolen mittens and a raincoat, while Walter's wet little feet were dried and equipped with stockings and shoes. They departed arm in arm and radiantly happy.

HE CLAIMS LIFE IS WORTH LIVING

Well Known Buffalo Lady Says Her Husband Is Now Cured by Plant Juice.

Plant Juice, the new herbal system tonic, really puts bad stomachs in order; overcomes indigestion, dyspepsia, heart-burn and fermentation of the food. It not only acts on the stomach, but the liver and kidneys, and eliminates rheumatism from the blood. Actual statements from people who have used this great remedy with success are more conclusive than all the scientific data in this world.

Take for instance the statement of Mrs. Edward Currie, who lives at No. 73 Kentucky street, Buffalo, N. Y., who stated:

"My husband had stomach trouble, causing gas which pressed upon his heart, making him very short of breath. He could not eat anything and was unable to sleep at night. I obtained a sample bottle of Plant Juice for him and after taking this he felt so much better that I got another bottle for him. The second bottle, he says, made him feel like a new man, in fact—entirely cured—and he is recommending it to all his friends."

There are numerous symptoms of this trouble that Plant Juice can relieve. In fact, any of the following may denote ailments of the stomach: indigestion, dyspepsia, bricking of wind, sick, throbbing headache, poor circulation, night sweats, that tired feeling, costiveness, coated tongue or a poor complexion.

Plant Juice is sold in all Owl drug stores.—Advertisement.

Six Thousand Furs Are Sold at Auction

ST. LOUIS, Mo., Jan. 14.—Six thousand skins were sold for a total of about \$300,000 here today at the second session of the fur auction at which approximately 500,000 pelts, including every known variety and coming from every part of the globe, are to be disposed of. Yesterday about 200,000 smaller and inferior skins brought approximately \$250,000.

Today's sales were at varying advances over last year's prices with the single exception of silver fox furs, which sold at a decline of from 10 to 25 per cent over the record prices of last October.

Thin People Can Increase Weight

Thin men and women who would like to increase their weight with 10 or 15 pounds of healthy "stay there" fat should try eating a little Sargol with their meals for a while and note results. Here is a good test worth trying. First, weigh yourself and measure yourself. Then take Sargol—one tablet with every meal for two weeks. Then weigh and measure again. It isn't a question of how you look or feel or what your friends say and think. The scales and the tape measure will tell their own story, and many thin men and women who believe can easily add from five to eight pounds in the first few days by following this simple direction. And, best of all, the new flesh stays put.

Sargol does not of itself make fat, but mixing with your food, it helps to turn the fats, sugars and starches of what you have eaten into rich, fine, fat-producing nourishment for the tissues and blood—prepare it in an easily assimilated form which the blood can readily accept. Much of this nourishment goes to the very cells of the body, and Sargol works to stop the waste and do it quickly, and to make the fat-producing cells of the very cells some units you are eating new developing pounds and pounds of healthy flesh between your skin and bones. Sargol is a safe, pleasant, drug store and other leading druggists in this vicinity sell it in large boxes—forty tablets in a package—and a guarantee of weight increase or money back as found in each large box.—Advertisement.

ARMY MAN SUED; AFFINITY NAMED

Mrs. Joseph V. Kuznik Charges Husband With Infidelity.

DENVER, Jan. 14.—Denver's smart society received a surprise today in the announcement that Mrs. Joseph V. Kuznik, wife of First Lieutenant Joseph Victor Kuznik, Twelfth United States Cavalry, stationed at Fort D. A. Russell, Wyo., has filed suit for an absolute divorce in a Denver court. The basis of the suit will be a "foul and obscene" letter written by a "lady" at the Brown Palace Hotel here, where Mrs. Kuznik asserts in her complaint she discovered much intimate wearing apparel scattered about the rooms occupied by her husband.

Although the letter of the divorce is not named in the complaint, it is said that the name of a socially prominent and beautiful Denver divorcee will be presented in a jury when the case comes to trial. Lieutenant Kuznik has frequently been described as the "handsomest man in his regiment."

On November 20, 1905, Army Kuznik, who is a member of a leading Southern family, was married to the daughter of a prominent family in San Diego, where he had been detailed to duty at the army flying school.

Shortly after Mrs. Kuznik made her startling discovery in her husband's rooms at the Brown Palace, he returned to them. There followed a scene which Mrs. Kuznik merely mentions in her complaint, and passes up to the jury to decide upon. Not only the Denver woman, but the wife of an army captain, the niece of another captain, and also a young woman who visited Chicago and attracted the fancy of the lieutenant.

Mrs. Kuznik also complains that while at the Coronado Hotel in San Diego, Lieutenant Kuznik left the hotel in company with a handsome Denver widow and her woman companion, and virtually deserted her. She also charges that her husband struck and beat her, used abusive epithets, and threatened to kill her.

She asks the court for an absolute divorce and alimony.

Lowell Pupils Lose Student Body Rule

SAN FRANCISCO, Jan. 14.—The student control system at Lowell High School has been abolished as a direct result of the having revealed. Its end signals the doom of a system which is said to be the first conspicuous failure of this system since leading educators took up its advocacy ten years ago.

To high school administration the student control system was regarded throughout the country in the light of a forward step as important to the progress of education as the "honors system" is regarded essential to the betterment of the schools. The return to the old method of government by the principal of Lowell High School as a long backward step.

It was predicted yesterday that it would not only put an end to Lowell's participation in athletics, but would prove the curfew to all activities of the student body which cannot be carried on without funds.

Sabotage Practiced by Rickshaw Coolies

SHANGHAI, Dec. 14.—Eight thousand rickshaw coolies in Shanghai are on a strike and the city transportation system is entirely upset. The coolies have established pickets in various parts of the city, who have punctured the tires of rickshaws who attempted to break the strike and broken the heads of rickshawmen who refused to join the strikers. Over ninety arrests have been made so far. The mixed court has sentenced one man to three weeks' imprisonment, and scores of others will be brought to trial in a few days.

Foreigners have been respected by the Chinese in their rioting. However, the rickshawmen have been unwilling to risk assaults at the hands of the mob, and the rickshaw traffic is practically suspended. The trouble came through the determination of the municipal authorities to reduce the number of rickshaws from 9000 to 6000. This caused the owners to make an advance of 20 per cent in the rent they charge coolies for conveyance.

Protest to Selling German-Owned Vessel

Shipping men of Oakland and San Francisco have forwarded protests to the State Department at Washington against the recent action of a British firm in selling the American vessel Sacramento, now in Valparaiso harbor, as a German-owned vessel. This was done in compliance with the policy of Walter Runciman, president of the British board of trade, to remove the vessel from the English list. Partly because the British government should be bolstered up to the detriment of Germany and at the expense of the United States, and partly because the vessel was an American firm from Germany, was sent ostensibly to Valparaiso with a passenger cargo. The vessel was later transferred to the Pacific fleet of the Germans.

At the request of the British government, the vessel was interned at Valparaiso. Other recent actions of the British in marine lines are also protested by the local shipping men.

Pastor Faces Charge of False Pretense

FRESNO, Jan. 14.—Rev. Herman Rippe, pastor of the Wartburg German church, was today bound over to the Superior Court on a charge of obtaining money under false pretenses. Rev. Rippe is out on bonds.

It is alleged that the pastor secured the endorsement of one of his congregants to a \$250 check on the pretense that it was only a check for \$25. Henry Schmidt and Peter Hans, being unable to read English, did not discover the difference in the check, according to the charges in the indictment, until judgment was taken against them.

Two factions have been at loggerheads in the church for some time.

Would End Rule of S. F. Movie Censors

SAN FRANCISCO, Jan. 14.—On behalf of the Publishers' Association, Attorney Walter Rothchild spoke before the Police Committee of the Supervisors yesterday in favor of abolishing the Board of Motion Picture Censors.

Supervisor C. J. Deasy of the committee, also was disposed to repeal the ordinance creating the Board, but he said that a formal petition would have to be submitted before the committee could make a recommendation. The petition will soon be filed.

MINE LAYER IS SUNK; FOUR DIE

American Vessel Is Sliced in Two by Big British Tanker.

GALVESTON, Tex., Jan. 14.—Four men were drowned near here yesterday when a mine-laying boat of the United States navy was run down by the British tank ship Charles E. Harwood. The dead: Captain Edward P. Jones, 29 years old, of Louisville, Ky., company commandant. One Hundred and Twenty-seventh Coast Artillery.

Bernard D. McKenny, 25, Louisville, Ky., and James Thompson, 22, Wheeling, W. Va., privates, Coast Artillery.

Robert W. Clark of Galveston, civilian carpenter.

Witnesses of the accident said the American government boat was sliced in two by a torpedo cut across the bow of the big freighter, outward-bound for Tampico. The bodies were recovered.

MILITIA LEAVES SCENE OF STRIKE

Many Guards Are Withdrawn From East Youngstown; Outsiders Blamed.

YOUNGSTOWN, O., Jan. 14.—The Ninth regiment of Ohio National Guard, which has been on strike duty here since last Saturday, departed last night, leaving only the Eighth regiment, consisting of 700 men, still on duty in East Youngstown.

The grand jury investigation of the strike and rioting in East Youngstown continued today. James A. Campbell, president, and C. S. Robinson, vice-president of the Youngstown Sheet and Tube Company, and John Gruney and Joseph Murphy, local labor leaders, were questioned.

"From what the investigation has so far developed, I am convinced that outside influences were largely responsible for the trouble," said Prosecutor.

Old Soldier Frozen to Death in Storm

HOT SPRINGS, S. D., Jan. 14.—John Lucy, inmate of the State House for Soldiers here, was frozen to death four and a half miles from the city last night. He escaped from his nurse yesterday and a searching party failed to find him. He was said to have been demented. He was from New York.

No. 1—In buying wood and coal for winter use, the Lady of the House uses Tapscott Money-Saving Coupons and saves 5 per cent of her bill.

THIS ADVERTISEMENT IS WORTH FIFTY CENTS TO YOU

There will be a series of ten of these talks, explaining how to use Tapscott Money-Saving Coupons. They will appear in the Oakland Tribune, the Oakland Enquirer, the San Francisco Bulletin and the San Francisco Chronicle and Call on Tuesday and Friday of each week. Clip out these ten advertisements and bring them, with your name and address, to the Oakland, San Francisco or San Jose office of E. N. Tapscott and you will be given a \$5 book of coupons, absolutely free. Each advertisement you clip is worth just 50 cents to you.

Upon receiving this book of coupons use it. This offer is made to prove to you that E. N. Tapscott has the greatest plan for co-operative buying that has ever been devised. If this plan was not all that it is represented to be such an offer as this could not be made. This offer is made so as to put the proof in your hands. You do not have to take the word of anybody else. Prove it yourself as to whether this plan has merit.

Clip every Tapscott Coupon advertisement that you see. If you miss one go to any of the newspaper offices and get a copy of the paper that contains the advertisement you missed. If necessary trade with your friends in order to get a complete set. The ads will be numbered from 1 to 10. Remember that each complete set of ads is worth \$5 to the person who presents them. The idea in putting you to a little trouble to secure this \$5 book of coupons is to eliminate the people who are just curious.

This offer is being made to introduce these coupons as rapidly as possible. It is made to advertise these coupons, to help in making Tapscott Money-Saving Coupons a household word. Thousands of dollars are being spent to advertise this wonderful plan of co-operative buying of real estate and personal and household necessities.

COUPONS

How to Use Them

Over 750 merchants in Alameda county, over 2000 in San Francisco, and over 100 in San Jose, accept these coupons for a cash refund of from 5 to 10 per cent on every one of your daily purchases of personal and household necessities.

Every month, when you pay \$5 on a lot in Oakland, Berkeley, or Richmond, you receive \$5 worth of these coupons absolutely free. Use all of these coupons in securing cash refunds on what you buy, and you save exactly what you pay monthly on your lot. You need not pay more than \$5 per month unless you want extra coupons. Whatever you pay you receive the full amount in coupons.

These coupons are good until used. They are good no matter who presents them.

THIS ADVERTISEMENT IS WORTH FIFTY CENTS TO YOU

To successfully advertise these coupons it means that you must talk about them, your friends must talk about them, everybody must talk about them. The quicker this is accomplished the more money is saved in advertising bills. This free offer of \$5 worth of coupons should save over half of the advertising appropriation made by E. N. Tapscott. It should save over half the advertising appropriations of over 2850 merchants.

It is expected that at least 10,000 persons will save these advertisements. That means that at least \$50,000 worth of these coupons will be given away absolutely free.

This offer, like the plan itself, is the biggest thing that has ever been introduced to the buying public. There are several infringements on this plan already. These are being prosecuted under the copyright laws of the United States. Save these ads, present them at any of the Tapscott offices, and receive \$5 worth of coupons that will save you from 5 to 10 per cent on your daily purchases.

Stop and think how much you spend for personal and household necessities each year. Figure how much you would save if on every purchase you received a cash refund of from 5 to 10 per cent on the amount spent.

You can own a lot in Oakland, Berkeley, or Richmond without paying more than \$20 for it by using Tapscott Money-Saving Coupons. With the saving made by using these coupons—which cost you nothing—you can own a lot worth anywhere from \$350 to \$750 without it costing a cent more than \$20.

If you wish to know more about this great plan, send in your name and address and a representative will call who will explain it fully without any obligation to you.

OAKLAND TO HELP JEWISH RELIEF FUND

I. Goldman Is Chairman
of Arrangements
Committee

Day for Collection to Be
Set Aside by the
President

Plans for a spirited campaign in Oakland for funds to be used in Jewish relief work in Russia and Poland are being outlined in Oakland, when, on January 27, the day set apart by President Wilson as a national Jewish relief day, a committee of prominent Jewish people of Oakland will issue a public call for funds to aid in the work. The entire nation is to join in the work of raising a large sum for relief, and San Francisco has already perfected extensive plans for a campaign for the day.

The local committee is headed by I. Goldman as chairman, and consists of A. J. Jones, P. Garfinkel, Fred Kahn, I. Wolin, H. Goldwater, S. Hingelsky and J. E. Laveon. "The work will be carried out in Oakland as in every part of the United States," said Laveon. "It has been established that the Jewish people need a relief fund of their own. This is true partly because of the distress among these people in Poland and Russia and partly on account of the fact that they are barred from receiving any benefits of the relief work of other people. The Russian government, it has been shown, has resisted any attempt to assist the Jews, and this factor, together with others, has made what is now a serious problem."

Laveon quotes from the report of Dr. Magnus, made in New York, in which he tells of Russian atrocities, and speaks of the situation in which the Jewish people of Russia and Poland find themselves as one of extreme seriousness.

The Oakland committee will issue

THUGS LEAVE MAN LYING IN STREET

Half Dazed, He Crawls to His
Home; Nearly Hit
by Auto.

Frank Yoshida, a cook employed by Roy Mauvais, 1555 Oak street, crawled ten blocks through the streets of Oakland last night after he had been brutally beaten and robbed by thugs. Yoshida was struck from behind and knocked unconscious while on his way home, the attack being made in Harrison street, near Eighth. When he recovered consciousness he found himself lying across the sidewalk. His pockets had been picked, a gold watch and chain and \$5 had been stolen.

Yoshida called for help but received no answer. He started crawling along the sidewalk. Several times he fainted while making his way painfully along the street. At a crossing he was almost run down by an automobile. The driver narrowly avoided striking him, but continued on his way, apparently thinking the Japanese was intoxicated. It took him over an hour from the time he was attacked to reach the Mauvais home, where he succeeded in arousing his employer.

The police were called and searched the neighborhood. The thugs had escaped. Mauvais, who notified the police, is a well-known musician in the bay region.

Durgins entered the place of business last night of William Hays at 1233 Sixteenth street and obtained \$15 from the cash drawer.

Mrs. H. Morgan reported to the police today that a thief attempted to break into her home last night at 236 Lee street but was frightened away. She gave him a description as about 5 feet 5 inches, weight 130 pounds and wore a dark suit with a hunkiechief over one eye.

At 10:40 o'clock last night Charles A. Dates of 2115 Brush street reported to the police that he had been held up and robbed by two men at Twenty-first and Brush streets. The detective bureau is investigating the circumstances surrounding the robbery.

Its formal call for aid in raising a fund immediately after the day is established by the President's proclamation. Members of the committee will visit all merchants and business houses, calling on every denomination for assistance in the nation-wide plan to furnish aid to the sufferers.

DR. CHARLES F. AKED TO REMAIN AT HAGUE

(Continued From Page 13)

of the Rev. Charles F. Aked, one of four pastors elected by the Ford peace party to the permanent peace board, to sit indefinitely in Europe in an effort to end the war.

It is probable that the resignation of the noted clergyman will be accepted, or that he will be given a leave of absence without pay until the close of the war.

It is known that Dr. Aked contemplated resigning his ministry and seeking other fields, has been circulating among the churches of the bay cities for several months. Members of the board of deacons admitted today that they had heard them. Mrs. Charles F. Aked, however, when interviewed at the family home, 2133 Sacramento street, declared this morning that there was no truth in these reports, but that she did not doubt the authenticity of the announcement from The Hague of Dr. Aked's election to the peace board.

"I know nothing about this matter, except what I have heard in the morning papers," said Mrs. Aked, "but I am expecting news. I think an hour from the time he was attacked to reach the Mauvais home, where he succeeded in arousing his employer."

"What would you think of his resigning and staying away in Europe and leaving you here?"

"I dare not say anything about it. I don't want to discuss it and I don't want to complain. You see, I don't want Dr. Aked to divorce me." She laughed at her own joke.

"Would you like to leave San Francisco?"

"I adore San Francisco. I would hate to think that I would have to leave this city and the friends I have made here."

"It is true that Dr. Aked was thinking of resigning before he left on the peace expedition?"

"No, I do not think it. He was very happy here. We both love San Francisco."

I. H. Morse, chairman of the board of deacons and chairman of the standing committee, said this morning that a vote of the entire congregation would be necessary to accept Dr. Aked's resignation. He explained:

"It would be my duty, on receipt of an official communication from Dr. Aked, to call a meeting of the congregation and take a vote on the matter. I do not believe we could afford to pay Dr. Aked's salary and retain him indefinitely while he was in Europe. We would have to accept his resignation or give him a leave of absence without pay. I have heard rumors of Dr. Aked's resignation before he left and so had the other deacons, but we thought nothing of them."

CONGREGATION SORRY.

W. J. Dutton, chairman of the board of trustees, residing at the Fairmont Hotel, was loath to discuss the matter. The trustees direct only the secular affairs of the church and are subordinate to the board of deacons. George Hazlett of the W. & J. Sloan Company said that the congregation would be sorry to see Dr. Aked go. He had heard rumors of his resignation before.

Dr. Aked left on the Ford peace ship the clergy of the Congregational church in this vicinity have filled in for him. This first Sunday in January Dr. Willett officiated. Last Sunday Dr. Van Horn of Oakland was in the pulpit and next Sunday Rev. A. J. Palmer, also of Oakland, will have charge. For the last Sunday of the month Dr. Atkinson has been selected.

FORD WILL PAY
DELEGATES SALARIES

THE HAGUE, Jan. 14.—The Ford peace expedition has elected the following American members of the permanent peace board, to sit in Europe indefinitely with the purpose of using all efforts to settle the war:

William Jennings Bryan, Henry Ford, Miss Jane Adams, Rev. Charles F. Aked.

S. P. Issues Order to
Seventh Street Men

Following an agreement arrived at before Railroad Commissioner Alexander Gordon, the Southern Pacific Company has ordered that gates be opened on both sides of trains on the Seventh street line in rush hours. The Seventh street and South Side Improvement Club had petitioned for the order, withdrawing the petition when the agreement was reached.

The order to trainmen on the line, as issued by J. T. McPherson, Superintendent of the Southern Pacific, reads:

"From complaints received it is apparent that our trainmen operating on the Seventh street line are sometimes negligent in following our instructions to the effect that the gates on the south side of eastbound Seventh street trains must be opened during certain hours between West Oakland and Broadway as well as between the gates on the north side. Effective at once both hours of 5:30 and 8:30 a. m. and 4:30 and 7:15 p. m., train gates on both sides of eastbound Seventh street trains will be opened between West Oakland and Broadway and between the gates on the north side of the line between the gates on the south side of the line. The cars in the same direction and between the same points will also be opened for the accommodation of patrons who may wish to board or leave the train on that side of the street. Protect signal should be given the conductor from the waiting room side of the train."

More Ships to Carry
Russian Munitions

SEATTLE, Jan. 14.—The Russian volunteer fleet, which has been operating two steamers between Puget Sound ports and Vladivostok, will put two, and perhaps three, more large vessels on the line to handle shipments of war munitions until navigation to Archangel resumes in the spring. This announcement was made today by Colonel Vladimir G. Golchavskoff, transportation agent of the Russian government, who has been here two weeks investigating shipping conditions. During the next three months large shipments of war supplies will be brought overland to Seattle, Tacoma and Vancouver for trans-shipment to Vladivostok.

Resign Bank Office
to Take Up Farming

DIXON, Jan. 14.—At the annual meeting of the board of directors of the First National Bank of Dixon, Ill., L. Bissell tendered his resignation as cashier. Miss A. M. Mendenhall, who was named in his place, while Miss Holt was elected assistant cashier.

Bissell was elected second vice-president, and will continue to give his services to the bank for a while. He is going to devote his attention to his growing ranch business near this place.

Bissell, who was employed in a Roseville bank, came to Dixon five years ago and managed the Northern Solano Bank and the Northern Solano Savings Bank, afterwards converting the State Bank into a National bank.

F. Aked and Mrs. Joseph Fels of Philadelphia.

Five other members will be chosen as alternates.

The board will be composed of an equal number of members from the various neutral countries and will remain at The Hague or Stockholm, with the financial backing of Ford.

SALARY FOR EACH.

Each member will receive a salary and the entire expenses of the board probably will amount to \$500,000 yearly. Dr. Aked announced that he would offer his resignation from his San Francisco church.

Lively discussions among the members of the expedition over the methods of choosing the members of the permanent board marked the election. After the slate had been drawn and offered as the choice of Ford, its adoption being urged because Ford was the financial backer of the party.

John D. Barry of San Francisco branded the scheme "a conspiracy to railroad the selection without reference to the members." He said it would be considered a farce in the United States.

NOT FOR LANDSEY.

This plan was finally withdrawn and the method of popular election adopted. This lasted all day.

Judge Ben B. Lindsey of Denver refused to accept a nomination to the permanent board, but probably will remain in Europe indefinitely in the interest of orphans of the war.

Dr. Aked said respecting his election: "I will offer my resignation to my church. If they desire to keep me without salary, I will return after peace is restored, otherwise I will seek a new job."

THEY'RE COMING HOME.

The body will choose later between The Hague or Stockholm for the siting of the permanent board. Most of the Americans will leave for New York on Saturday.

The election of Ford and Miss Adams was unanimous. Bryan was opposed by two votes. About sixty delegates attended the meeting and all were described as having the voting power. When the meeting opened some of the members were startled by the fact that they were merely Ford's guests and should do as he directed. One member proposed that a committee composed of Ford officials should select the delegates.

POWELL PROGRAM
VERY ATTRACTIVE

Violinist Is One of the Most
Celebrated of American
Musicians.

The second in the series of artists' concerts planned by the music section of the Oakland Teachers' Association will take place next Monday evening, when Miss Maude Powell, ranked as the premier violinist of her sex, will play at the Municipal Opera House. She last will be in April, when the famous Kreisler quartet of Boston plays a program of chamber music here.

Miss Powell, who first appeared here this season at a concert for the Berkeley Musical Association in the early part of December, has just returned from a concert tour in the Hawaiian Islands. Before calling she played several times in San Francisco for crowded houses of music lovers, presenting programs of unusual caliber.

Her program for the one concert at which she will be heard in Oakland—the quartet for next Monday evening—is quite different from the one she gave in Berkeley, and is comprised of the works that have met with the most favor during her recent appearances. It includes a group of varied piano solos to be executed by her accompanist, himself a solo artist, Arthur Loesser.

Miss Powell, known all over the world as a violin virtuoso, is a native of Peru, and a product of musical training both in this country and abroad, studying from the age of 8 until 12 in her home town in La Jolla, Germany, and then in Paris, with Dancalia, and in Berlin under the brilliant Joachim. Her debut was made in 1884 with the New York Philharmonic orchestra.

Since that time the American woman has played more concertos with the symphony orchestras of this country than all other famous violinists combined. She has played with the Boston, Chicago, New York, St. Paul, Minneapolis, Philadelphia, St. Louis and many other celebrated musical bodies, and in so doing has interpreted at one time or another nearly every great work written for violin and orchestra.

COUNT ELECTED.

BERLIN, Jan. 14.—Count von Armin Boettzing has been elected president of the Prussian house of lords. Prince Salini was chosen vice-president and Count Eulenburg, Prussian secretary.

GEOGRAPHY MAKES HISTORY, IS THEME

New Theory to Be Outlined in
Popular Lecture This
Evening.

"Geographic Control" is to be illustrated for the Bay Council of Geography Teachers this evening in a talk on the "Sackbrush War in California" given by Professor R. W. Halloway of the University of California. This lecture, which will be accompanied by a professor of stereopticon slides, will be one in a series of various lectures showing the need of the "new geography."

At this evening's meeting, which will be held at the Oakland Technical High School, Forty-second street and Broadway, at 8 o'clock, several speakers will give their views on "How to Teach Geography in the Fifth and Sixth Grades." Among those who will be heard will be Principal Sam Bohn of the Porter School in Alameda; Professor C. W. Childs of Oakland and Miss Mary Cameron, a Berkeley teacher.

Marlo Lindsey of Mills College, president of the organization, will preside.

In addition to the addresses there will be an exhibition of equipment considered essential in the adequate teaching of geographical facts today. Globes and charts, books and maps of the most desirable kind will be part of this showing.

The entire array will be shown from the point of view—that upon the formation of land depend the occurrences which resolve finally into human history.

Announcement will also be made this evening of the plans completed for the big exhibition of geological teaching equipment that will take place in the spring.

The officers of the Bay Council of Geography Teachers are Professor Marlo Lindsey, astronomist at Mills College; Miss Jessie Huebert of Alameda high school and H. W. Fairbanks of Berkeley. The last named is the program chairman of the organization.

Sutro Heights Falls
on Ocean Boulevard

SAN FRANCISCO, Jan. 14.—A slide of several hundred tons of rock and earth from Sutro Heights caused a blockade of the Ocean boulevard below the Cliff House this morning and a number of persons narrowly escaped death from falling boulders.

The heavy rains had weakened the support at the edge of the famous Sutro Gardens and the whole corner of the embankment suddenly collapsed shortly after 10 o'clock.

It was at first believed that the slide might cause a serious menace to traffic for a few days, but witnesses say they believed the entire hillside would drop into the ocean. The slide was accompanied by a roar which was heard up and down the beach and soon several thousand persons had gathered.

The support of public works was notified and by noon a traffic way had been made through the embankment which blocked passage. The earth and boulders were piled up on the highway to the height of about six feet and it was two hours before traffic could pass.

State Is Fifth In Income Taxes

Married Men Paying
Bigger Share

Nineteen thousand four hundred and eighty-one persons paid income tax in California in 1915. They were assessed for incomes varying from \$100 to \$200,000, the majority being under the \$10,000 mark.

California ranks fifth in the number of residents paying income tax. New York has 22,497, Pennsylvania 22,759, Illinois 22,135, Massachusetts 21,862.

The figures are contained in the annual report of the Internal Revenue Department, made public today.

Also 19,923 corporations made returns. Of the 27,777 of these returned to a profit, the others declaring they operated at a loss. The \$100 and \$1,000,000 into the United States treasury through the office of Collector J. J. Scott here and the Internal revenue office in Los Angeles.

BETTER GUY MARRIED.

As an argument in favor of marriage, it may be emphasized that of the Californians of taxable income 15,170 are wed. The unmarried men who pay income tax total only 2,881, and 1,647 unmarried women have taxable incomes.

California's wealthiest man has an income of more than \$200,000 a year, according to the tabulation. This vast income is all the department can get. Five Californians have an income between \$40,000 and \$50,000; four between \$30,000 and \$40,000; two between \$20,000 and \$30,000; twelve between \$10,000 and \$20,000; and 255 between \$5,000 and \$10,000.

HOW MANY PAY.

In the whole United States 457,315 persons paid income tax in 1915. Of these 114 have an annual income between \$500 and \$1,000 and sixty have incomes more than \$10,000.

One man in the United States pays a tax of \$2,600,000 on his income. This is the highest of income in excess of \$500,000 a year—more than \$500 a second. The man is believed to be John D. Rockefeller.

Wages Raised, Inquiry
Closed by Commission

SAN FRANCISCO, Jan. 14.—The recent order of the Pullman Company increasing the wages of its employees 10 per cent and remedying other conditions which had been the cause of complaint, resulted today in the dismissal by the State Railroad Commission of its inquiry into the matter.

The investigation into the Pullman Company was initiated by the commission after it had received a complaint from the company. Incidentally, the commission criticized the wage scale. The company criticized the report and reports that it had made a re-adjustment of the wage scale to the needs of its employees. The commission has, therefore, dismissed the inquiry without prejudicing its rights to take the matter up again in the future should it so elect.

TARIFFS REDUCED.

RIO DE JANEIRO, Jan. 14.—The president has signed a decree reducing the import duty on a number of North American products. The new duties, which are in effect as from January 1 of the present year, show the tariff now in force: Thirty per cent on flour, 20 per cent on condensed milk, articles of rubber included in article 1033 of the tariff law, clocks, watches, ink, article 173 of the tariff law, except ink for writing, varnishes, typewriters, ice boxes, pianos, scales, windmills, caskets, crockery, dried fruits and school furniture.

POPE TO DENOUNCE WAR AT CONSISTORY

Two Cardinals Will Receive
Red Hats on Same
Occasion.

ROME, Jan. 14.—There is a general belief in Vatican circles that the Pope will deliver another important allocution about the war in the Consistory at the end of February.

It is considered certain that the pontiff will call the Consistory either for the end of February or shortly afterward, to impose red hats upon newly created Cardinals, St. Antonelli, and Franchetti, respectively, who would thus leave their posts, being registered, according to present reports, at Vienna by Monsignor Locatelli, now internuncio at Buenos Ayres, and at Munich by Monsignor Aversa, now internuncio at Paris.

NEW SMELTING AND MINING INDUSTRY

Bolivian Ores Will Be Manufactured in United States.

Commerce reports announce the establishment of an entirely new industry in the United States. All arrangements have been completed for the importation of ores by the American Smelting and Refining Company, and a large plant has been erected at Perth Amboy, N. J., for smelting and refining the raw ores. The plant is the first of its kind to be established in the United States.

The plant is located on the New York and New Jersey border, and is the first of its kind to be established in the United States. The plant is the first of its kind to be established in the United States.

U. S. FIRE LOSS LESS THIS YEAR

Burning of Munition Plants Swell Total of Figures.

The conflagration heard of ever before in the United States, says the Insurance Press, but no large conflagrations, like the Salem conflagration in June, 1914, were recorded in 1915. For the United States property loss by fire, the total of \$172,571,000, estimated in part December, at the close of the year in 1915, was less than the actual figures for 1914.

The difference would have been far greater if the record did not include the fires in the munition plants.

General commercial risks the losses were low, according to the Insurance Press.

Seemingly it is far too early to attribute the improvement in conditions to better building construction, though that factor is undoubtedly destined, in years to come, to be a factor.

As might be expected, the lowest totals of losses in the record for 1915 were for the months of January and February.

A succession of heavy losses, early in the year, had a tendency to offset the improvement.

The conflagration at the munition plant, December 8, when a whole town was destroyed, contributed \$1,200,000 to losses.

TOTAL LOSSES.

January \$10,140,000 \$21,800,000

February \$10,140,000 \$21,800,000

March \$10,140,000 \$21,800,000

April \$10,140,000 \$21,800,000

May \$10,140,000 \$21,800,000

June \$10,140,000 \$21,800,000

July \$10,140,000 \$21,800,000

August \$10,140,000 \$21,800,000

September \$10,140,000 \$21,800,000

October \$10,140,000 \$21,800,000

November \$10,140,000 \$21,800,000

December \$10,140,000 \$21,800,000

Total \$172,571,000 \$21,800,000

Stocks and Bonds In Little Demand Exchange Suffers From Period of Dullness

The past few days have been far from busy in the San Francisco Stock and Bond Exchange.

On the Pacific Coast, the San Francisco Stock and Bond Exchange, largely because of lack of direct wire communication with the East, though with the exception of a few transactions, business did not look up. Trading was light and listless in both stocks and bonds.

FREIGHT RUMORS SET WHEAT BACK

All Grain Prices Fail to Maintain Record Prices on 'Change.

CHICAGO, Jan. 14.—Rumors that a fresh advance in freight rates to Europe was likely and a bullish effect today on wheat. Opening prices, which ranged from 1 1/2 to 1 3/4, declined to 1 1/4 to 1 1/2, followed by a slight upturn, but then there was a material setback.

The close was nervous. No 1 soft winter wheat, with May at \$1.27 1/2 and July at \$1.20 1/2.

After opening the soft to 1/2 up, prices underwent a moderate general decline.

The corn close was weak at 50 to 51 1/2.

ARRIVALS SCANT, AND BUYERS FEW

The Oakland produce market this morning was dull to the point of stagnation.

Arrivals were scant and buyers few. Dealers say that while prices are very high, they are not satisfied with the demand.

On the whole, the market is not so good as it was a few days ago.

A good many of them have come in and they are selling very cheap.

ARGUE DISMISSAL OF BEGG'S CHARGE

Lawyers in San Jose Case Want It Thrown From Court.

SAN JOSE, Jan. 14.—Argument of a motion for dismissal made by Attorney James P. Fox for the defense in the trial of William M. Beggs, accused of extortion, on the ground that the complaining witness, Joseph N. De Rosa, was an accomplice and that there was no corroborative testimony, continued before Superior Judge Franklin J. Griffin today.

De Rosa, who had committed a crime in stealing a small amount of goods from his employer, Joseph N. De Rosa, a local grocer, and who had been paid \$500 for immunity from prosecution by Beggs, then De Rosa committed another crime, on which the state's case hinges, would not be admissible, thus leaving nothing on which to base the state's case.

This Coffey case, from which Mr. Fox asked Judge Griffin, "is an extreme case and goes further than any other case, but what can a superior court do when the state's case is based on the testimony of an accomplice?" Mr. Justice Henshaw, who wrote the opinion in the Coffey case, is one of the ablest jurists in the state.

"How can this be called an accomplice?" asked Deputy District Attorney Andrew Borden, "any more than a man held up by a revolver is an accomplice?"

Motion to dismiss certain parts of the state's case were argued yesterday and denied by the court, after payment of money by Beggs.

Police Detective Joe Condon and Beggs appeared at the Bank of San Jose and with De Rosa's consent his entire accounts in both institutions were closed. Condon stood in the background. De Rosa made no protest, the testimony.

The state closed its case shortly after the noon hour without attempting to call the police detective to the stand to establish that Condon is said to have removed the prisoner from the city prison with him.

Condon is said to have removed the prisoner from the city prison with him, and according to De Rosa's testimony, was present when he was threatened with a San Quentin term unless he gave his entire bank account to Beggs.

500 to Attend Moose Lodge Ball and Banquet

From all indications the banquet and ball, which will be given in honor of the uniform bodies by the Oakland lodge of Moose at the Hotel Oakland next Wednesday evening will be the biggest affair the lodge has ever given in Oakland. More than 500 reservations have already been made.

A. J. Donovan, dictator of Oakland lodge, will be toastmaster. Among the speakers will be the captains of the uniform bodies and prominent members of the lodge.

Among the subjects of the speakers will be the activities for the present year, including a proposed membership campaign. The lodge now has a membership of more than 3000.

Following the banquet the ball will be held in the ivor ballroom. The expense of the banquet will be defrayed from the prize money won by the uniform bodies at the last supreme session of the Moose order held in San Francisco in July.

The committee in charge consists of W. J. Hamilton, chairman; Captain C. A. Sullivan of the drill team; Captain T. B. Simpson of the Moose defenders; Captain Richard Davis of the drum corps and Captain C. D. Smith of the band.

Assemblymen's Word Unheeded by Court

STOCKTON, Jan. 14.—"I don't give a snap for the testimony of these Assemblymen you brought here," said Justice A. C. Parker in sentencing J. C. Smith, a taxi driver charged with exceeding the speed limit, to thirty days in the county jail.

The assemblyman referred to were George W. Downing, Louis A. Spengler and Frank A. Mauser, all of Los Angeles, who were Smith's passengers at the time of his arrest. Each assemblyman told the court that in his opinion Smith, whom they had engaged to take them from Sacramento to Stockton, was not traveling faster than thirty miles an hour.

Traffic Officer Fisher testified the taxi was doing thirty-seven miles, and that when he stopped it Mauser informed him that he had no right to arrest assemblymen.

Veteran Injured on Way to Installation

VALLEJO, Jan. 14.—While on his way to Samanet Hall to be installed as post commander of Paragon Post No. 4, G. A. R., last night, E. S. Cleveland, who had just been re-elected to the office, slipped and fell on the street and suffered injuries which may prove fatal. The veteran is at the Vallejo General Hospital, suffering from concussion of the brain.

After seeing that their commander was well taken care of the other members of the post installed the other officers, as follows: Senior vice-commander, W. Smith; junior vice-commander, L. N. Slaughter; adjutant, A. E. Willey; quartermaster, H. A. Hale; surgeon, Charles Hade; chaplain, M. Berry; officer of the day, G. A. Lyon; officer of the guard, John Smith; sergeant major, E. F. Wilson; patriotic instructor, A. B. Willey; and quartermaster sergeant, E. Fenton.

CONVICTED OF BURGLARY

MARTINEZ, Jan. 14.—A jury in Superior Judge A. B. McKenzie's court yesterday convicted Raphael Vega of second degree burglary. Vega was captured in a closet in the home of John Harding at Antioch on November 23 last.

A CLEAR COMPLEXION

Ruddy Cheeks; Sparkling Eyes—Most Women Can Have

Says Dr. Edwards, a Well-Known Ohio Physician.

Dr. F. M. Edwards for 17 years treated scores of women for liver and bowels ailments. During these years he gave to his patients a prescription made of a few well-known vegetable ingredients mixed with olive oil, naming them Dr. Edwards' Olive Tablets. You will know them by their olive color.

These tablets are wonder-workers on the liver and bowels, which cause a normal action, carrying off the waste and poisonous matter that one's system collects.

WAR GAINS TO PAY UP LOAN INTEREST

French Chamber of Deputies Now Considering New Legislation.

PARIS, Jan. 14.—The French government will endeavor to meet the interest on the new national loan out of the taxes on war profits. The Minister of Finance, Alexander Ribot, introduced a bill with that object in the Chamber of Deputies yesterday, providing for a progressive tax ranging from 5 per cent on 10,000 francs to 20 per cent on 500,000 francs and upwards.

M. Ribot explains the object of the bill in a memorandum stating that the tax will be chiefly paid by licensed societies or private firms, by those exploiting mines, and by those who, by good fortune or shrewdness, made exceptional gains or have helped by their mediation to secure contracts.

In introducing the bill, M. Ribot said that the new national loan amounted to 15,000,000,000 francs, of which one billion came from abroad. The remainder six billion were fresh money, the rest of the amount being derived by the conversion of three-year bonds, previous short-term loans and converted renies.

Falls Three Stories; Workman Saves Him

STOCKTON, Jan. 14.—Charles Courtney, a carpenter, fell from the roof of a three-story building in Stockton today. Plunging head foremost, a distance of forty feet, he collided with a negro hod-carrier who was ascending a ladder with a load of mortar ten feet from the ground.

Courtney's head struck in the soft mortar and he turned a neat flip, landing in a sitting posture, spluttering and digging the mortar out of his eyes and ears. Courtney arose and walked five blocks to his home. A physician was summoned and found him suffering from a fractured rib, otherwise he is O. K., the negro still suffering from surprise.

Livermore Resident Escapes Villa Leader

LIVERMORE, Jan. 14.—Frank Black, former resident of this valley, escaped from the guard of General Lopez, one of Villa's bandit commanders, near Chihuahua, Mexico, according to word received by his sisters, Mrs. Thomas Hawley and Mrs. J. C. Hayes.

The information was contained in dispatches from Black, who said that Peter Kene of Berkeley, his companion, was put to death.

Word was contained in the press dispatches several days ago that both men had been summarily shot, and until today's telegrams Black was believed to be dead. He has a mother, Mrs. M. Davis, at Alwaco.

83 Out of 18,875,974 at P. P. I. E. Got Drunk

SAN FRANCISCO, Jan. 14.—Although nearly 19,000,000 visitors spent some time in the exposition grounds and found

there a score of handy places wherein to say "Here's a go," less than 100 of them became sufficiently "lit up" to require police attention.

To be exact, out of a total of 18,875,974 visitors during the exposition period, just eighty-three were arrested by the guards for intoxication.
